CHAIR & CEO REPORT

Ben
MacCormack
CEO

Resilience and pivot are two words used regularly over the past 12 months as the world has dealt with an unprecedented global pandemic in modern times.

As an organisation we have faced similar challenges to most businesses and sporting bodies within NZ and globally. The threat to our revenues has been and continues to be real. We had to make some challenging decisions during the off-season to face what was in front of us and ensure that Northern Districts Cricket Association is here long after we all depart. But, it was not all doom and gloom. As we reflect on the whole of the 12 months it is important to also acknowledge the summer of 2019/20.

The summer was a huge carnival of International matches with ND's region hosting a large contingent of games. This included the inaugural test at Bay Oval against the World Champion English. What a thrill to watch ND players BJ Watling and Mitch Santner bat the BC's to victory and set up an historic series win against England that was secured with the 2nd Test draw at Seddon Park.

Next up all eyes were on the Indian side that love to visit NZ and played multiple T20's and ODI's across our two premier venues. There is something magical about walking around the ground in the evening during an India match with the vibrancy of the crowd so electric.

Wedged between these two home series was the BC's visit to Australia that saw Kiwis flock to Melbourne in droves to witness a Boxing Day test. We hosted a touring party that I'm sure will talk about the experience for many years to come. Not the result anyone wanted but as an event something not to be forgotten. How much would we all love to jump on a plane again and relive the experience?

We finished our International season with the WF's taking on South Africa to further highlight the growing interest in the Women's game. Crowds piled in to watch their hero's and witness so elite cricket. We look forward to the Women's Cricket World Cup in 2022.

Domestically the Northern Knights had a challenging season not making the top two in any of the three competitions and have now undertaken some significant changes to address that. A slow start to the Super Smash hurt their season along with some unfortunate weather at times. The SkyCity Hamilton Northern Spirit entered its 20th season with heightened expectations and in a watershed moment qualified to host the Hallyburton Johnstone Final at Seddon Park. Whilst coming incredibly close to a first title on the day, to Auckland the team are now hungry to go one better in 2020/21.

We are very proud of our eight contracted BLACKCAPS and one contracted WHITE FERN that we had in the 2019/20 season. We are continuing to support both to achieve the same levels of success in their pursuits to play for the National team and win titles for ND.

The three major venues in ND (Cobham Oval, Bay Oval and Seddon Park) all once again performed at a high level. We are the envy of the Major Associations to have 3 world class grounds. The grounds staff, councils, trust and their employees should all be congratulated for how they presented outwardly to the world that watched on. We are blessed to have three international venues along with first class facilities at St. Pauls, Owen Delany Park, Weymouth Oval and Harry Barker Oval across our association and we thank them all for their tireless efforts.

Paul
Heath
CHAIR

Off the field, for FY 20 ND recorded its seventh consecutive surplus. FY21 is proving much more challenging due to the continuing uncertainties and risks arising out of the COVID-19 pandemic. To ensure ND's continuing viability, the Board has approved a \$288,000 deficit budget for FY21. That enables continued investment in key cricket programmes including coaching, development, pathway, performance and female cricket. We owe a debt of gratitude to the board members of the past who had the vision to establish reserves for a time like this.

We have taken an approach of maintain and explore for the year ahead and have set up our strategy for the next 12 months to do exactly that. We want to thank NZC, the Government, our sponsors and the gaming funders for their ongoing support through a difficult period. Your support has ensured ND remains in a good position to withstand further disruptions that may occur due to the current pandemic.

Given the changes undertaken throughout the year there are a few people we would like to mention in person that made significant contributions in their time at ND. We would like to thank valuable teams members Alayne Duthie (15 years), Cliff Dickeson (a lifetime) and Peter Zanzottera (7 years) for their service to the organisation as long-term employee's. We also said goodbye to our four senior coaches in Gareth Hopkins (Super Smash Title in 2017/18) , Kari Carswell (HBJ Grand Final in 2019/20), Matt Horne (Batting Assistant Coach) and John Bracewell (Knights Senior Coach) who all gave considerable time and effort to enrich the performance programs across Men's and Women's cricket.

The ND Board acknowledges the leadership of Michelle Hollands in a very difficult time early in 2020 before, for unavoidable reasons, she stood down as chair. The Board values her continuing contribution as one of its members. We would also like to acknowledge the two outgoing board members in Richard Riley and Richard Clarke for their contribution at a governance level in what has been a challenging time to be a board member.

We have undertaken some significant work over the past 12 months on our purpose and values and have now settled on Connecting People, Creating Memories. We strive to do this across all parts of our business and look forward to delivering on this purpose in the coming years.

Lastly to the vast number of people out there who support cricket we thank you. Many people make up a cricket community including members, supporters, parents, coaches, managers, scorers, umpires and schoolteachers and without you we don't have a game.

PERFORMANCE REPORT

Daniel
Archer

GM Performance
& Talent

It was certainly a year of mixed results and fortunes across our performance programmes in 2019-20, before the season came to an earlier finish with two Plunket Shield rounds remaining due to the COVID-19 pandemic.

A significant highlight was the continued growth of our Spirit, culminating in the hosting of the HBJ Final at Seddon Park. Celebrating their 20th anniversary this was the first final for the Spirit and although falling just short, players and staff provided much to be proud of in not only this performance but many across the season. The HBJ final was one of only two completed matches throughout that competition the Spirit were not able to get the result in during the 2019-20 season. A great display of consistency and growth in the longer form of the game for the women.

The Super Smash although not providing the immediate outcomes the team desired in terms of wins, demonstrated the growth of the team and programme within the Spirit. Some fantastic learnings were presented in close matches and playing against a talented WHITEFERNs stacked Wellington who dominated the competition. The increased professionalism and commitment of the players supported by the coaches was evident and has certainly laid a solid platform to continue building on into the new season.

Joanne Broadbent (Assistant Coach) proved to be an extremely pivotal appointment for the Spirit programme in support of Head Coach Kari Carswell for season 2019-20. Her experience and mentorship of both Kari and the players certainly played a key role in the environment continuing to move forward. Kari has since been successfully appointed to a Development Coach role with NZC, acknowledgement and the progression she deserves after such an impact on the Spirit and our organisation during her time as Head Coach & Female Pathways Manager at Northern Districts. We are all very proud of Kari and thank her for her efforts. We wish her all the very best in such an important role for the development of women's cricket in New Zealand.

An overview of results across the competitions are listed below for the Spirit:

Competition	Win	Loss	Draw	No Result	Abandon	BP	Total	Net
Hallyburton Johnstone Shield (1st)	8	1	0	1	0	0	37	0.84 (RPW)
Dream11 Super Smash (5th)	2	8	0	0	0	N/A	8	-0.87 (RR)

Standings at completion of regular matches only.

The Knights season started with an exciting pre-season trip across the ditch to play matches and train in alignment with Cricket Victoria at the unbelievable state of the art facilities within Melbourne's Junction Oval precinct. The tour included a mix of contracted and non-contracted players and provided opportunities for coaches to knowledge share with their Victorian counterparts.

It certainly was a mixed bag of results for the Knights across all formats in 2019-20, however the ability to provide opportunities to key developing players at certain stages throughout the season will play a significant role in our sustained development of talent for the BLACKCAPS and Knights teams of the future.

All competitions across the course of the 2019-20 season were extremely close with the Knights missing out on playing finals in both formats involving the white ball by less than a game. The Plunket Shield competition was also close with all teams still capable of winning the Shield at the beginning of the back end of the season fixtures before Wellington cashed in to take an unbeatable lead with two games to play.

Developing our leaders within the Knights programme was an important component of season 2019-20 with Joe Carter taking on the role of captain across Plunket Shield and Ford Trophy and Super Smash seeing the opportunity for Dean Brownlie to share the responsibility with Daryl Mitchell.

An overview of results across the competitions are listed below for the Knights:

Competition	Win	Loss	Draw	No Result	Abandon	BP	Total	Net
Plunket Shield (6th)	1	3	1	0	0	14 ● 16 ⚔	42	-1.48 (RPW)
Ford Trophy (4th)	5	4	0	0	1	2	24	0.00 (RR)
Dream11 Super Smash (6th)	4	5	0	1	0	N/A	18	-1.01 (RR)

Standings at completion of regular matches only.

Northern Districts had nine players enter the summer with New Zealand Cricket contracts, eight as BLACKCAPS (Trent Boult, Mitchell Santner, Ish Sodhi, Tim Southee, BJ Watling, Kane Williamson, Neil Wagner and Colin DeGrandhomme) and one as a WHITEFERN (Bernadine Bezuidenhout). A further four players represented the country during the summer with Daryl Mitchell, Tim Siefert and Scott Kuggelleijn playing for the BLACKCAPS and Katie Gurrey the WHITEFERNS. Daryl Mitchell also made his Test debut for New Zealand on home soil at Seddon Park, contributing with a very solid 73 with the bat in a win against England.

Across all formats and competitions this year there were numerous outstanding achievements from both team and individual. A small selection of these are listed below:

- Daniel Flynn played his 100th First Class match for Northern Districts in the Plunket Shield.
- Spirit finishing 1st after the completion of all fixtures in the HBJ and earning the right to host the final at Seddon Park.
- Katie Gurrey finished the HBJ Shield as the highest run scorer with 576 runs and 3rd highest run scorer in the Super Smash with 416 runs. Her season collected her a massive 992 runs across both formats with a highest score of 123.
- Felicity Leydon-Davis scored a magnificent captain's innings during the HBJ Final against Auckland scoring 124.
- Eimear Richardson finished the HBJ Shield as the 2nd highest wicket taker with 22 wickets.
- Anurag Verma was equal 4th highest wicket taker in the Super Smash with 14 wickets.
- Henry Cooper was the 2nd highest run scorer in the Plunket Shield competition with 499 runs.
- Neil Wagner finished as the 2nd highest wicket taker with the red ball in the Plunket Shield snaring 22 wickets.

Congratulations must also go to our Daniel Vettori Medallist Henry Cooper and Nicola Brown Medallist Katie Gurrey. Both players had outstanding and consistent seasons that I am sure is continuing to push their name towards New Zealand representation.

Working closely with our athletes and riding every bump along the way of course are our staff. A key aspect of the performance strategy at Northern Districts continues to be the development of our staff to work towards their own ambitions and thrive in the roles they play across our environment. It was fantastic to see many of the quality people in positions across our performance program receive some form of recognition or reward for their continued professionalism in their chosen fields.

Below is an overview of some of the highlights across our performance staff:

Graeme Aldridge:

- New Zealand Under 19 Bowling Coach at the World Cup in South Africa.

Scott Wren:

- Appointed WHITEFERNs Strength and Conditioning Coach.

Paul Head:

- New Zealand Under 19 Physiotherapist at the World Cup in South Africa.

John Bracewell

- New Zealand XI Coach against India XI.

Kari Carswell:

- Completed New Zealand Cricket High Performance Coaching Program.
- Appointed Female Development Coach at New Zealand Cricket.

Since the end of the season, we have had some key people changes across our performance programmes and it is therefore befitting to ensure we thank those people for their great contributions and effort during their time with Northern Districts.

Firstly, to John Bracewell, Gareth Hopkins, and Matthew Horne for your sharing of knowledge, and leadership and effort as coaches within our Knights programme. All three individuals have made significant contributions to the organisation including playing significant roles in the continued development of our talent pool.

Kari Carswell as previously mentioned has also left us for New Zealand Cricket. I am sure Kari will continue to make the same significant impact wider across the cricket landscape in New Zealand as she did here at Northern Districts. Kari's commitment and dedication to creating an environment with the Spirit that was one which people wanted to be part of is the cornerstone to where we find the Spirit now.

Scott Wren was appointed to the role of Strength and Conditioning Manager with the WHITEFERNs from his role as Athletic Development Manager at Northern Districts. Scott had made significant contributions and guided the environments of the Knights and Spirit towards greater professionalism and awareness of the importance of high performance behaviours.

The above departures have also meant some new faces have arrived at Northern Districts in our performance programmes after a detailed and thorough recruitment process around coaching. We have two new head coaches in Joanne Broadbent (Spirit) and Graeme Aldridge (Knights). We have also appointed two Performance and Talent coaches to assist across programmes in Sri Krishnamurthy and Rob Nicol. Cory Miles (Head of Athletic Development) and Nathan Smith (Strength and Conditioning Coordinator) have also been added to staff.

Finally, I would like to thank and acknowledge the outstanding contribution of Daniel Flynn who has following the 2019-20 season announced his retirement from Domestic Cricket. Daniel has one of the best records in New Zealand domestic cricket ever seen which is also compounded by the amazing feat of being a provincial player having played all his cricket with Northern Districts. Congratulations on an amazing career Daniel and thank you for your contribution to Northern Districts and the Knights.

In reflection on the season that was 2019-20 we again made some solid steps in the development of our environment, our people, and our cricket. Consistency around performance and behaviours is the difference between being good and pushing to be great.

I am looking forward to 2020-21 and the opportunity to continue to push for greater consistency and expectation around our programmes.

Coin toss. Canterbury Magicians v Northern Spirit Dream11 Super Smash Cricket. Hagley Oval, Christchurch. Sunday 5 January 2020. Photo: Martin Hunter / www.photosport.nz

COMMUNITY REPORT

Eimear
Richardson
GM Community

The 2019/20 season was one which continued to embed and advance progressive changes for the communities throughout Northern Districts as strongly led by New Zealand Cricket. Clear community targets are detailed within the Cricket Network Partnership Investment agreements from which all NDCA DA's agreed and effected throughout the season at both community, pathway and governance levels.

A GAME FOR ALL NEW ZEALANDERS, A GAME FOR LIFE

Across NDCA school delivery programmes, 49,529 children (+13%) received a cricket experience throughout one of three national programmes; Cricket Awareness, SuperStar Skills and/or Festival Days. This meant an approximate school saturation rate of 38% with individual District Associations (DA's) ranging between 27-50% saturation of schools. Additionally, DA's achieved an approximate student saturation rate of 22%, with an individual DA range of 19-29%. For a region with approximately 795 individual schools and nearly 222,000 students, this is a huge achievement given the landscape and geographical distancing of communities.

Coach education and support remains a priority focus and across NDCA 100% of 409 junior coach targets were registered, qualified and police vetted. This qualification and vetting process is considered a significant part for ensuring safe and enjoyable experiences for participants (players, coaches, parents) throughout the junior grades.

CricHQ continues to develop and enhance competition administration capabilities across the country, with 9,303 players registering throughout all levels of competition teams and SuperStar programmes. Additionally, all DA's through the assistance of clubs and schools increased the percentage of full scorecard entry for matches. This increase has increased the accuracy of player and team statistics which ultimately will enable improved competition experiences across NDCA. Umpire and game officials development continues to be a strong focus point and will be further advanced in the coming season.

Community club and school leagues were unfortunately cut-short with most DA competitions losing between 0-3 weeks of competition due to the national impact and lockdown from COVID-19. This also included an impact on the NZC Yeah Girls initiative which is targeted to increase female participation and was started across all six DA's in Term 1 2020, an increase from only one the previous season. A strong focus remains to increase female participation in alignment with the ICC Women's World Cup scheduled to be hosted in New Zealand February 2021. Bay of Plenty and Waikato scheduled one-off female twilight events at Bay Oval and Seddon Park. While the Seddon Park event was unable to proceed at the end of March, the Bay Oval event fielded 12 women's 8 a-side teams and raised \$1400 for Tauranga Women's Refuge. Youth/College cricket is a strong focus point as the sport as a whole works to combat declining participation while Twilight cricket continues to remain popular throughout the region. Across NDCA there are 77 clubs with competitions further increased by competing colleges and schools – club and schools development and support continues to be a strong focus point and is widely recognised as the heartbeat of the game.

Overall, 2019/20 was a fast paced and diverse season with continued learnings which will assist planning and capability for the years ahead. A new operating structure was affected across both Hamilton CA and Waikato CA, as well as the implementation of a Shared Services model. The purpose of this model to increase service capability and resource to cricket's grassroots networks across the community game.

Lastly a note to acknowledge the time, passion and energy of all the volunteers, both on the field of play and within the club committees and DA Boards - which enable cricket as a game across Northern Districts and throughout the District Associations to "Connect People & Create Memories."

L. Richardson

ND UMPIRES & SCORERS

Eimear
Richardson

NZC PANEL

A huge congratulations to the NDCA representative umpires which were selected onto either the National Panel or National Reserve Panel;

National Reserve Panel

Lui Ells, Hamilton
Damian Morrow, Hamilton

National Panel

John Dempsey, Counties Manukau
Ash Mehrotra, Counties Mehrotra

In addition to the NZC Panel and NZC Reserve Panel Umpires, Christelle High was appointed to officiate within a Hallyburton Johnson match while Anna Saayman was appointed to national tournaments in Lincoln University.

Umpire John Dempsey during the Plunket Shield Match between the Otago Volts and Northern Districts, held at University of Otago Oval, Dunedin. 11 November 2019. Photo.: Joe Allison

Two umpires were honoured with NDCA Awards for the 2019/20 season:

Umpire of the Year Award

Ash Mehrotra (for a second successive year after a busy summer, and a third time overall). A part of the New Zealand domestic panel for seven years, Ash's accuracy and decisiveness of decision making in addition to the respect he has held from the players and teams are several factors contributing to win the award. Ash stood in a number of games across the Plunket Shield, The Ford Trophy, Super Smash, NZ A vs India A, WHITE FERNS vs South Africa, a Sheffield game at The Gabba, and was TV umpire for seven international matches.

Emerging Umpire of the Year

Brett Thorburn has quickly developed this year into a very good umpire, utilising years of playing the game to take on a new role of umpiring. Brett has demonstrated fantastic rapport with the players and feel for the game. While still developing knowledge of the laws of the game, coupled with very good player management skills, Brett is one of the NDCA up-and-coming umpires to watch in the future.

Three roles were appointed to ensure the training and support of umpires across the region in addition to support of local District Area Training Officers:

Doug Cowie – Trainer

Rob Kinsey – Assessor

Andy Connors – Appointments Officer

A special acknowledgement to Andy Connors who has resigned from the Appointments Officer role at the end of 2019/20 after three outstanding years of service to NDCA and the umpires.

The SkyCity Hamilton Northern Spirit celebrate an early wicket during the Dream11 Super Smash T20 cricket match - SkyCity Hamilton Northern Spirit vs Wellington Blaze played at Bay Oval, Mount Maunganui, on Wednesday 1 January 2020. Photo: Bruce Lim / www.photosport.nz

INTERNATIONAL REPORT

Sam
Sedon

Regional Marketing
Executive

2019/20 was again a busy year for international cricket in the region.

Bay Oval became New Zealand's ninth Test match venue as the BLACKCAPS hosted England in the first Test of the home summer, with ND representatives BJ Watling and Mitchell Santner scoring the first Test centuries at the venue to help the BLACKCAPS to a big victory.

Seddon Park hosted the second and final Test in the England series, where another ND player, Kane Williamson, scored another century to help secure a draw and a series victory.

Cobham Oval in Whangarei also got to watch the England side in action when a two-day and three-day warm-up match, against a New Zealand XI and New Zealand A respectively, were played over the course of a week at the venue.

After a trip to Australia for the BLACKCAPS, a packed schedule saw the WHITE FERNS take on South Africa and the BLACKCAPS face India, with these two tours combining for a double-header T20 match at Bay Oval.

The BLACKCAPS and India also took the field at Bay Oval in the one-day international series, with the BLACKCAPS securing a 3-0 series victory, having earlier gone 1-0 up at Seddon Park.

India also played a three-day warm-up match at Seddon Park against a New Zealand XI.

The international calendar at Seddon Park was rounded out with games between the WHITE FERNS and South Africa.

After losing the final ODI at Seddon Park, the sides moved to Bay Oval for the T20 double-header, before returning to Seddon Park for T20 number two, where the WHITE FERNS secured a 2-0 series lead, eventually winning 3-1.

2019/20 BLACKCAPS & WHITE FERNS RESULTS FROM ND VENUES:

- BLACKCAPS vs England, 1st Test, 21-25 November 2019, Bay Oval. BLACKCAPS won by an innings and 65 runs.
- BLACKCAPS vs England, 2nd Test, 29 November-3 December 2019, Seddon Park. Match drawn.
- BLACKCAPS vs India, 3rd T20 International, 29 January 2020, Seddon Park. Match tied – India won the super over by two wickets.
- BLACKCAPS vs India, 5th T20 International, 2 February 2020, Bay Oval. India won by seven runs.
- BLACKCAPS vs India, 1st ODI, 5 February 2020, Seddon Park. BLACKCAPS won by four wickets.
- BLACKCAPS vs India, 3rd ODI, 11 February 2020, Bay Oval. BLACKCAPS won by five wickets.
- WHITE FERNS vs South Africa Women, 3rd ODI, 30 January 2020, Seddon Park. South Africa Women won by six wickets.
- WHITE FERNS vs South Africa Women, 1st T20 International, 2 February 2020, Bay Oval. WHITE FERNS won by nine wickets.
- WHITE FERNS vs South Africa Women, 2nd T20 International, 6 February 2020, Seddon Park. WHITE FERNS won by five wickets.

MASTERS CRICKET

Cliff
Dickeson
Development
Officer

The season began with 10 teams, two teams down on the previous season and with some difficulty in getting playing numbers. Despite this, the season highlight was yet again the final between the two deserved teams rewarding their consistency throughout the season.

It was perhaps no surprise that Hamilton would meet Morrinsville in the Final of the limited-overs Sunday league, after both teams dominated matches throughout the round-robin. Little did they know it was to be the last match to be played on Seddon Park for the 2019-20 season due to the COVID-19 Pandemic.

Morrinsville started with luck by winning the toss and for the first time in the season, the Planks were to field. The Planks bowlers were on top for most of the innings only to be met with some stubborn resistance in the form of new import Joe Smal and local Morrinsville local hero Peter Kane as they blasted the attack. A short time later both Joe and Peter retired to the safety of the sheds, and again the Planks sniffed an opportunity.

Richie Stevens at backward point lifted the team with a spectacular diving catch. Then a curious turn of events saw Morrinsville's middle order quickly come down with a case of the runout's. A well looking 4/83 became a very unwell looking 9/93 in just six overs with Peter Kane out, caught on the boundary, for a well-made 69. This left new import Joe Smal stranded on a well compiled 61* and with three overs unused.

The Planks set about chasing down Morrinsville's resurgent 169 but unfortunately for Morrinsville, the Planks prescribed a middle-order booster shot which contained Louis Ott 32*, Richie Stevens 31* and Daren Mordecai 28* removing any second chance of a Morrinsville fight back. With three retires in the hut and some solid batting, the game became a certainty. The Planks won comfortably with five overs to play, taking the title for a third successive year.

Man of the match was wicket keeper/batsman, Louis Ott.

PLUNKET SHIELD REVIEW

Covid19 caused the abandonment of the final two rounds, reducing the Plunket Shield season to only six games. By that stage Wellington had a commanding lead and were crowned winners.

Northern Districts managed only one win from their six games, that one a resounding victory over Canterbury, but had two games disrupted by weather and lost a nail biter to Auckland by one wicket.

One of the impacted games due to weather, came in Round 1 against Canterbury at Hagley Oval. That game saw the rare sight of most of our test players participating at domestic level. Few teams anywhere in the world could have taken to the field with a line up comparable to ours — Williamson, Boult, Southee, Watling, Santner, Sodhi, Wagner. Only Colin de Grandhomme was missing. Daryl Mitchell, who would join our list of NZ Test players later in the season, starred with 170 not out, as ND established a substantial 1st innings lead only to have rain wash out the last two days.

Our team then changed personnel, as there was a mass departure of players to the BLACKCAPS T20 team (seven players in all). Batting failures saw us struggle in the next two games. Henry Cooper's 149 v Otago stood out like a beacon. In that innings no other ND batsman exceeded 20 runs.

The competition resumption in February saw us well beaten by CD in Napier with our batting woes continuing. Then, after our batsmen finally clicked against Auckland (Henry Cooper another century, and Joe Carter a century in each innings including a career best of 169), Auckland pipped us at the post with their last pair at the wicket.

The improvement continued in Round 6 with a big 180 run victory over Canterbury. Another Cooper century and five-wicket bags to James Baker and Joe Walker were features. Unfortunately, any momentum we now had, and we would have been playing for second place, was lost with the competition abandoned at that stage.

However, the Plunket Shield competition is about more than results. It is a competition in which we aim to grow our next wave of BLACKCAPS. For coach John Bracewell it must have been extremely rewarding to see the development of players like Daryl Mitchell, Henry Cooper, Joe Carter, and Joe Walker. Daryl made a step up to the BLACKCAPS Test team and had a memorable debut v England. Henry scored three centuries, his 499 runs (at an average of 49) were the second most runs in the competition, behind Wellington's Devon Conway. These performances earned him selection in the NZ A Team v India. Joe Carter also stepped up with two centuries and his 452 runs (average 45) were the 4th highest aggregate in the competition. Joe Walker finished the season with a five-wicket bag and a growing reputation as an off-spin bowler.

Mention should also be made of the contributions from the experienced pace bowling duo, Neil Wagner, and James Baker. It was great to have Neil available for four of the rounds and his class with the red ball was evident. He finished equal top wicket taker in the competition with 22 wickets (average 25). Just as he does for the BLACKCAPS, he showed his remarkable stamina, bowling 40 overs in one innings and over 30 overs in two others. James Baker, as he has been over several seasons, was Mr. Reliable, also churning through a heavy workload and taking 16 wickets.

FORD TROPHY REVIEW

The Ford Trophy competition provided a mixed bag of results for ND. Some resounding wins, including one over the eventual champions, Auckland, were matched by some big losses as well. In the end we missed the playoffs on run rate. Despite having five wins in the round robin series, the same as Otago and Canterbury, we were denied a place in the playoffs.

After winning only one of the first four games, ND was always playing catch up. The fourth-round loss to Canterbury then proved crucial. Canterbury posted a challenging total of 283, but ND chased well only to fall agonisingly short by one run. Despite winning four of our last six games (one of which was abandoned without a ball being bowled) we could not improve our run rate enough to progress to the finals.

As well as the disappointments there were also highlights.

- Despite the absence of nine players on BLACKCAPS duty we finished the season with resounding wins over both Auckland (by 63 runs) and Wellington (by 82 runs).
- The win over Wellington at the Basin Reserve in Round 6 showed that we had learned from our one run loss in Round 4. After significant contributions from Henry Cooper, Anton Devcich and Peter Bocock there were anxious moments after two run outs. Needing seven runs to win, Brett Hampton and Zak Gibson, our last pair, held their nerve to achieve the victory with two balls to spare.
- Henry Cooper emerges as a white ball player this season. Henry was our Ford Trophy Player of the Year, scoring 417 runs at an average of 52.
- Katene Clarke at 19 years of age showed real potential as an opening batsman. Katene scored 286 runs at an average of 31 in his debut season.
- Jake Gibson enjoyed an outstanding debut (5/31) against Auckland in Round 9. Five wicket bags are rare in one day cricket, let alone on debut.
- Anurag Verma showed his white ball skills, capturing fifteen wickets - fourth most in the competition. Brett Randell, Brett Hampton, and Zak Gibson all provided consistent pace bowling support for Anurag.
- Joe Walker benefited from regular play in the absence of our Blackcaps players in the second half of the season and produced some quality spin bowling in the final rounds.

Let us put this in perspective. In recent seasons Daryl Mitchell, Scott Kuggeleijn and Tim Seifert have been match winners for us. As well as our large group of test players, they were absent for most games in the Ford Trophy. So too were experienced campaigners Dean Brownlie and Daniel Flynn. So to win five games out of nine (with one game abandoned) can be seen as a positive in that it placed extra responsibility on the next tier of players and a number of them made significant progress. This certainly makes us look forward to next season.

MEN'S SUPER SMASH REVIEW

After the heights of the previous two seasons, 2017/18 winners and 2018/19 runners up, it was disappointing to miss the finals this season. Gareth Hopkins' teams have always been encouraged to "play without fear" and it was no different this season. However, a season can turn on winning the key moments during a single game, and unfortunately this season we lost some key moments in several games. In an incredibly close competition, all six teams were grouped between four and six wins in the round robin phase, we missed the final by one win.

A slow start to the competition came back to bite us later. Round 1 saw a comprehensive loss to Central at McLean Park, Napier. In Round 2, home to Otago at Seddon Park, the batting again failed to fire in a 43-run loss. A consistent bowling performance by all our bowlers looked to have turned the tables on Central in Round 3, but unfortunately rain prevented our run chase taking place.

We finally managed a victory in Round 4, a good win over Auckland at Seddon Park. Tim Seifert led the way with 75 off only 49 balls. Another good team bowling effort then restricted Auckland's run chase and we finished comfortable winners. Unfortunately we could not maintain this momentum with a heart-breaking loss to Otago in Round 5 at Alexandra, a last ball six giving Otago the win. So, at the half-way stage we had only one win on the board and a mountain to climb to make the finals.

Round 6 at the Bay Oval provided some encouragement when we chased down Wellington's 161/8 in the last over. Daryl Mitchell provided the impetus with 58 off only 35 balls and Joe Carter and Daniel Flynn kept their cool to steer us home. However, a few days later Wellington reversed the result at the Basin Reserve. We could only muster 162/5 in response to their 188/4.

Because of the closeness of the competition we still had a chance of making the playoffs. We batted outstandingly against Canterbury at Hagley Oval, scoring 219/7. Tim Seifert again led the way with 74 off 36 balls. We then contained Canterbury's run rate and were on top until an eventful Anton Devcich over. Leo Carter entered the record books by hitting all of Anton's deliveries for six. This turned the game around. Canterbury won with an over to spare.

We finished the season with two good wins. Auckland were held to 170/7 at Eden Park. Anurag Verma (3/35) was well supported by the other bowlers. Anton Devcich and Tim Seifert gave ND a flying start. Seifert's 51 came from only 23 balls (7 fours and 3 sixes). Daniel Flynn and Peter Bocock kept up the momentum and we won with an over to spare. Then we turned the tables on Canterbury as well. Another good team bowling performance restricted Canterbury to 154/7. Anton Devcich (57) gave us another good start and Daryl Mitchell's 40 off 25 balls (4 sixes) proved decisive, with Peter Bocock finishing the chase in style giving us a win with two balls to spare.

In hindsight, there were probably three key moments that were lost. The first was out of our control when weather intervened in Round 3 after we had dismissed Central for only 149 runs. That was followed by the last ball loss to Otago in Round 5. Then when we seemed to be cruising to victory against Canterbury in Round 8, the Carter/Devcich over-turned the game on its head. We finished the competition strongly, but by then it was too late.

*Knights' Joe Carter batting during the Dream11 Super Smash T20 cricket match - Knights vs Otago Volts played at Seddon Park, Hamilton, on Monday 16 December 2019.
Photo: Bruce Lim*

Wellington and Auckland played out the final, Wellington winning. We had beaten Auckland twice and Wellington once in the round robin. We had the ability to remain at the top of the competition, but unfortunately lacked the consistency required and the loss of those key moments proved crucial.

There were some individual highlights. Tim Seifert was our Super Smash player of the year. His 323 runs, at an average of over 40 per innings, came at a strike rate of 143. He also had the most wicketkeeping dismissals (12) in the competition. Daryl Mitchell with 219 runs at 31 (SR 146) was the only other batsman to average over 30. It was apparent, our batting was an issue.

Pre competition there were concerns over our bowling. Our successes in the previous two seasons relied heavily on outstanding bowling by Chris Jordan and Kyle Abbott. However, without overseas players this season, Anurag Verma stepped up to spearhead the attack. His 14 wickets were 4th most in the competition. And the other bowlers were consistent throughout. Brett Randell, Ish Sodhi, Daryl Mitchell, and Scott Kuggeleijn all made significant contributions at times during the campaign.

ND dominated Blackcaps T20 selections. Seifert, Mitchell, Kuggeleijn and Sodhi were all selected, joining other ND players who had not been available for the Super Smash competition due to NZ Test team commitments (Boult, Southee, Santner, Williamson, de Grandhomme).

SKYCITY HAMILTON NORTHERN SPIRIT REPORT

Kari
Carswell

SkyCity Hamilton
Northern Spirit
Head Coach

The Spirit started their pre-season preparations earlier than usual and hit the nets, gym, gymnastics, climbing wall and golf in early May! Although the purpose of the early season practices was mixture of light-hearted fun and grooving and at times changing technique it looked like it certainly paid off!

Joanne Broadbent was appointed assistant coach in early August and much anticipated excitement built around the squad. There is no doubt that Joanne's experience of working with high quality athletes and teams certainly rubbed off on the Spirit and wider squad players.

The pre-season mix of training and match play had a good balance to it and fixtures. The Spirit and Spirit A played pre-season fixtures against Central Districts & Auckland, albeit some were rain affected, but getting out and playing cricket early in the season certainly allowed the coaching staff to assess fully where the players were at.

The 3 Hallyburton Johnstone fixtures prior to the SuperSmash campaign could not have gone better. The Spirit finishing with 5 wins from 6, an excellent start to the 50 over campaign. Along the way there was some outstanding individual performances.

The SuperSmash centralised round at Lincoln started well for the Spirit, with the team collecting 2 from 3 wins, both against Central Districts in high scoring games. Katie Gurrey was in imperious form recording scores of 90*, 71 & 106*. The games in the SuperSmash come thick and fast and that would be the last time the Spirit recorded a win in the competition, losing a number of close games that on any other day could have resulted in wins for the Spirit. The table doesn't lie however and finishing 5th certainly wasn't something to be celebrated but the 416 runs in the competition from Katie Gurrey and 245 runs by Bernadine Bezuidenhout were good returns from both players, as was the 13 wickets picked up Carolyn Esterhuizen and 8 from Lauren Heaps in what was her debut season at this level.

Getting back into 50 over cricket was somewhat of a relief and the Spirit picked up 2 valuable wins at Cobham Oval against Wellington Blaze in early February. Eimear Richardson scored a majestic 97 on day one and Kate Anderson picked up 5/30 in a dominant display. The 2nd one day match the following day didn't follow the same script, although the Spirit did show their new found battling qualities, managing to win by 4 wickets thanks to a dogged innings from Holly Topp 29* and injury stricken captain Felicity Leydon-Davis batting at number 7 who scored 30*. The two wins over Wellington securing the Spirit their first ever grand final, the next aim was to secure a home grand final against Auckland later in the month at Seddon Park. The first of those 2 games against Auckland was rained out and a 5 run victory on the Sunday meant that the Spirit would host Auckland in the final in mid-March.

There would be no fairy tale ending to season as the Spirit went down by 67 runs in the final, despite a wonderful and well composed 124 by captain Felicity Leydon-Davis.

A huge thank you to everyone who helped during the 2019/20 season, it was certainly one to remember. A special thank you to Peter Zanzottera and Brett Sorrenson, selection is never an easy job but we always found a way! Thank you to Jo, Barry Rhodes, Janice Fraser & Mark Crawford for helping deliver coaching sessions and lastly thanks to all the players... history makers!

NORTHERN DISTRICTS A

Pat
Malcon

NDC Chair
of Selectors -
Male Programme

The ND A programme plays a vital role in developing players and preparing them for the transition to the top team. It also provides playing experience in all three formats, something players may not get at District Association level.

This season's programme saw us play three 3-Day games (v Auckland, CD and Wellington), four 1 Day games (two against each of Auckland and CD), and four T20 games at the North Island A team tournament in Taupo. We also played several internal fixtures involving Northern Districts players, ND A players, and other promising DA players.

The following represented ND at A team level in 2019/20: H Cooper, B Randell, N Parkes (Northland), S Patel, S Johnston, Katene Clarke, J Naylor, H Dickson (CM), D Kelliher, C Swanson, J Gibson, M Fisher, Kristian Clarke, Z Gibson (WV), J Walker, P Boccock, A Verma, A Desai, F Walker, J Brown, J Baker (Hamilton), B Popli, J Carter, B Hampton, P Drysdale, T Pringle, B Pomare, D Brownlie, T Bettleheim (BOP), T Parkes, B Kerr, N Hendrie (PB). As you can see, a mix of established top team players (returning from injury or gaining match practice in a particular format), fringe players challenging for a place in the top team, and young players on the rise.

Several regular A team players made significant contributions:

- Peter Drysdale was a standout performer in all three formats. He scored a century against Wellington A in a 3-day game and 80no v CD A and 77no v Auckland A in 1 day games. He also bowled tidy spells of off spin. He was rewarded with selection in the ND team for the final rounds of the Plunket Shield, only to have his hard-earned first-class debut dashed by Covid19.
- Chris Swanson showed what a powerful striker he can be with four half centuries in six white ball innings, with a T20 strike rate of 160.
- Scott Johnston bowled consistently well all season in both white ball and red ball formats. He too was included in the ND squad for the final rounds of the Plunket Shield.

ND A match day coaching was led by one or more of the Northern District coaching team (John Bracewell, Graeme Aldridge, and Matt Horne]. We were also able to involve other DA or ND Age Group coaches in supporting roles, providing valuable experience for our aspiring coaches.

Finally, a special word of thanks to the ground managers at St Paul's Collegiate and Owen Delany Park. Ian Boyle and Ben Sherriff provided pitches of first-class quality and were always accommodating of our match day needs. We are fortunate to have two such fine venues available for our A team programme.

MCCAW LEWIS NORTHERN MAORI

Keith
Vincent

Development
Manager – Waikato

McCaw Lewis
GOOD PEOPLE. GREAT LAWYERS.

The McCaw Lewis Māori Squad had five scheduled fixtures for the 2019-20 season. Unfortunately, the annual fixture against Poverty Bay was cancelled due to lack of numbers and labour weekend. This is an important fixture for both sides in promoting cricket Gisborne and will continue to play this fixture.

The first game of the season was against a Lakelands Māori invitational team in a 40 over match at Smallbone Park, Rotorua. Originally scheduled to play Hawkes Bay Development but thanks must go to Rotorua cricket for filling in at the last minute. The fixture proved to be very successful with a mix of youth and experience in both XIs. The McCaw Lewis Northern Māori Had a convincing victory winning by 74 runs.

The second game of the season saw the McCaw Lewis Northern Māori taking on a Kaipaki Invitational XI. The Northern Māori put on an impressive 317 off their 40 overs with a double century from veteran Leighton Parsons. Skilled bowling performance restricted Kaipaki to 177 giving the McCaw Lewis Māori a convincing win of 140 runs.

The third fixture of the season saw the McCaw Lewis Māori playing their annual fixture against the University of Waikato vice chancellors XI. This is always a particularly challenging fixture for the McCaw Lewis Māori with the Vice Chancellors XI being dominant in the last few years. This season the Northern Māori were very competitive. Batting first the Māori posted what looked to be a below par total of 205 off their 40 overs, but with a clinical bowling performance the Māori put the home team under pressure. Unfortunately, the Vice Chancellors scraped home chasing the total down with 1 wicket in hand.

Unfortunately, because of COVID19 the next two fixtures were cancelled. This would have seen Northern Māori playing an exciting star-studded NZ India XI. And our first ever Northern Māori secondary school XI playing a Cambridge invitational XI.

It has been an exciting year for Northern Districts Māori Cricket, with a lot of growth and young talent coming through the ranks. We look to continue to build on this in the coming season.

Notable Achievements:

- Payton Spencer — NZ Māori Secondary Schools
- Kuwyn Price — NZ Māori Secondary Schools
- Chelsea Traill — NZ Māori Secondary Girls
- Ben Pomare — New Zealand Under-19
- Oli White — New Zealand Under-19
- Thorn Parks — Northern Districts A
- Katene Clarke — Northern Districts Men
- Zak Gibson — Northern Districts Men
- Jake Gibson — Northern Districts Men
- Trent Boult — Northern Districts Men/ BLACKCAPS

SKYCITY HAMILTON

NORTHERN PREMIER LEAGUE

Kari
Carswell

SkyCity Hamilton
Northern Spirit
Head Coach

The SkyCity Hamilton Northern Premier League (NPL) in its fourth season proved to be a success on and off the field during the 2019/20 season.

For the first time in the SkyCity Hamilton NPL's short history, a Maroon v Pink 50 over competition was contested, with the trophy shared between the two teams.

The T20 round robin competition between the four teams (Galaxy, Velocity, Sonic & Power) was preceded by a final between the top two in the league table, Power and Velocity. The Velocity had stormed into the final losing only one game and opponents, with the Power having lost only two games along the way.

The final and 3rd/4th play-off games were played out at Jansen Park in February. The Velocity won the final by 15 runs. Olivia McDonald picked up a crucial 3/5 to secure the victory to Velocity after Lily Mulivai led the run chase for Power and finished on 64 retired.

The SkyCity Hamilton NPL provides an excellent opportunity for players of all abilities and ranges to play in an inclusive environment and to improve their game play and tactical awareness.

National Tournament – Lincoln, December 17-23, 2019

This was a new age group tournament formed by NZC for 2019/20 (replacing the Under 21 Tournament held historically). ND was supportive of the change, as we felt this age bracket would provide a more balanced playing standard across the teams rather than a handful of more mature players (physically and emotionally) being dominant.

From an ND point of view there were a lot of positives to take home. All players in the team contributed with a performance which demonstrates a great sign in terms of our development of player depth. We had the leading run scorer (Lucy Boucher) and wicket taker (Emma Baker) for the tournament as well. The team finished 2nd overall and the range of players offered opportunities and the amount that took them, bodes well for the future

Brett Sorrenson is a talented young coach who created a positive learning environment, and Meddy Hyde did an excellent job as manager.

Six of our girls from this age group have been identified as players of interest by NZC in their Under 19 World Cup programme, whilst four of the group have played and performed well for the Spirit this season.

National Tournament – Lincoln, December 4-12, 2019

Whilst age group team performance is not a programme focus, results were notably below par from a talented group, with only one win in the tournament. A number of factors potentially at play, but the biggest area of concern was the number of situations the players didn't read well tactically, which is something historically we have been good at. A number of players were in contention for the New Zealand Under 19 team (team announced at end of tournament), and it did appear that some of them were playing under significant performance pressure which is something we need to assist them to deal with as they progress into the senior levels of our programme. The loss of experience at Fergus Hickey level too is something we need to be mindful of. As this competition has got younger, the skills and athletic capabilities continue to be strong, but there is less players of experience for our youngsters to learn off. We need to be pro-active in ensuring that we fill this void as best we can.

The major positives were the selection of six of the boys for the recently completed Under 19 World Cup in South Africa. Feedback from NZC around all six has been positive in terms of skills and attitude, with a formal review with NZC staff to be undertaken in early March. Providing meaningful playing and training opportunities for these players over the coming period will be crucial if we wish to retain and develop them.

Event

Three days of games vs Auckland, January 2020

There is nothing provided at this age for the girls on a national level but we believe that providing learning opportunities for both our Under 17 and Under 15 girls is crucial as we try to bridge the playing experience gap we have traditionally had with the metropolitan Major Associations. To that end we organised a three-day round of games with Auckland with both 50 over and T20 formats. We picked a young team as these happened to be the players we felt were showing the most promise and needed extending.

The team struggled performance wise against an older Auckland side, but there were some very positive signs to come out of the three days, with excellent feedback from Barry Rhodes, and the subsequent good performances from a number of girls in later NPL rounds. Both Barry and Charlotte did an excellent job and are talented young people.

Would like to see this age group have a slightly enlarged playing programme in future years and will talk to NZC about future plans to assist us in providing this.

Event

National Tournament – Lincoln, 4-11 January 2020

This group had a very positive learning experience over the course of the tournament. Performance was good with the team winning all but one game. Again, the more important factor being that numerous players were provided opportunity, and many of these opportunities were taken positively. Individually, three boys averaged over 50 for the tournament with two others in the 40s, whilst the wickets were shared around.

As well as being a talented group, it was a mature group in their tactical awareness and decision making which is a good sign.

Clint and Ramesh were excellent in their setting up of the team, and the way they encouraged the boys to reflect.

Three of the boys are already in their associations Fergus Hickey teams, and all are playing Premier cricket.

4-day invitational Tournament – Whanganui

This tournament continues to provide very positive learning experiences for our young girls. Good facilities and pitches, and a well-run tournament overall.

The team failed to win any games, and coach feedback was that several players were quite raw. A significant factor in this was the fact that we took six of the girls that were eligible for this group with the Under 17s instead as we felt it was best to extend them. This also signifies that we need to keep working hard in both the community and pathway space if we want to continue growing our depth.

Standout performers over the week were Amelia Harvey and Elle Archer – both of whom have progressed to playing NPL this season.

TOURNAMENTS & COMPETITIONS SUMMARY

Eimear
Richardson
GM Community

Like any season, 2019/20 provided lots of great learning opportunities for many of our most promising youngsters, and as always some players had successful tournaments while others did not fire how they would like. The success or otherwise of these tournament experiences are reflected in how players return to their home environments and put in place the learnings they had to continue their progress.

We continue to be leaders in terms of our identification processes, and the long-term progress of the individual must continue to be prioritised over age group team success. This philosophy allows coaches to work in a more holistic manner with the big picture at the forefront.

We are growing depth across both the male and female pathways, which is a positive. The female pathway has made big strides this season. The Districts through their Pathway Managers have been excellent in growing playing and training opportunities, while NPL has evolved into a very good developmental competition for our young players.

Areas to be pro-active in are the continuation of growing Female Pathway opportunities and providing our young male players age 19-21 with meaningful playing/training opportunities. This is a challenge as our depth continues to grow, and we need to be mindful of continuing to develop a strong Fergus Hickey competition as well as a well-planned ND A programme to extend the most advanced players.

WHERE THE PLAYERS ARE COMING FROM

District Association	% of Male Players	% of Female Players	Overall
Northland	16%	9%	12.5%
Counties Manukau	20%	12%	16%
Hamilton	20%	18%	19%
Waikato Valley	20%	23.5%	21.75%
Bay of Plenty	24%	23.5%	23.75%
Poverty Bay	0%	15%	7.5%

TOURNAMENTS & COMPETITIONS

DA PATHWAY

Keith
Vincent

Development
Manager – Waikato

Primary Boys

The eight teams descended on Cambridge's John Kerkhof Park for the completion of the 2019 Primary Boys 40-over, nine-a-side tournament, from November 25-27.

With two rounds of pre-tournament competition played, the teams had already had a good look at some of their opposition, which set-up three days of good cricket – a stark contrast to the previous year, which saw matches abandoned and shortened due to adverse weather.

Bay of Plenty Coastlands won all three of their matches across the John Kerkhof Park tournament, as well as picking-up one win in their pre-tournament competition.

Northland also won four matches, including two of their three games at John Kerkhof Park. Northland's sole defeat came at the hands of Coastlands, in what was one of the games of the tournament, with Coastlands chasing down Northlands' 178 in the final over with one wicket to spare.

Junior Girls

Northland Cricket and Kaipara Flats CC once again hosted a great weekend of cricket for the most promising years 7-9 female cricketers in the Northern Districts region on November 10-11, 2019. Five District Associations were represented with Poverty Bay unable to attend, North Harbour were able to send an invitation team to the tournament. Each team had five fifteen-over games across the two days, which had rules that allowed for maximum participation and enjoyment; something we believe is crucial at this stage of our young players' development. The tournament was affected by rain with 2 of the 5 games being able to be completed.

Junior Secondary Boys

The Junior Secondary Boys tournament headed to sunny Northland as Cobham Oval and Kensington Park played host to the eight sides from December 2-6.

The first two days consisted of a T20 round-robin and finals competition, before days three, four and five switched to a 50-over knockout competition.

As with the Primary Boys tournament played the week before, Bay of Plenty Coastlands and Northland were the sides who found their form, going through their respective groups unbeaten to set-up a final which unfortunately would never be played, with both sides sharing the title after wet weather forced the abandonment of the finals round.

Day three brought a change of pace as teams switched to 50-over mode.

Coastlands continued their fine form from the week, making their way through their first two matches to reach the 50-over final where they met Hamilton.

A wonderful 130 from Hamilton's Harry Trumm proved to be the difference between the two sides, as Coastland fell short of Hamilton's 272, sending the trophy to the Waikato.

Senior Secondary Boys

Harry Barker Reserve in Gisborne was the scene for the Senior Secondary Boys tournament from December 9-13.

The eight teams followed the same format as the Junior Secondary Boys tournament the week before, with the first two days consisting of round-robin, followed by finals, T20 cricket, with a 50-over knockout competition following on days three, four and five.

Having been one of the standout teams from the earlier Primary Boys and Junior Secondary Boys tournaments, Bay of Plenty Coastlands' Senior Secondary Boys also proved they were a more than handy side, winning all three of their round-robin matches in Pool B to finish top and secure a finals berth against Pool A winners, Hamilton, who had also come through pool play with a perfect three-from-three record.

It was with the ball that Coastlands won the T20 title, a brilliant bowling performance dismissing Hamilton for 71, before Coastlands scored the runs required for victory with nine overs to spare and seven wickets in-hand.

2019 really proved to be Coastlands' year, as they would also win the 50-over title, this time defeating Waikato Valley in the final in a thriller.

Chasing 172 for victory, Waikato Valley reduced Coastlands to 163/9 in the 48th over, before the final wicket pair guiding Coastlands home in the 49th over, meaning Coastlands went through both tournaments undefeated.

Secondary Girls

Bay of Plenty's Fergusson Park hosted the Secondary Schoolgirls' tournament from December 2-4.

With a team representing each of the six District Associations, teams played four T20 matches over the first two days, before playing a 30-over match on the final day of the tournament.

Fortunately, all fixtures bar one were completed, with weather wreaking havoc on last year's tournament.

Poverty Bay achieved the most wins in the T20 tournament, achieving four wins from their four games.

Hamilton finished just behind Poverty Bay with three wins; their sole loss coming to Poverty Bay in one of the games of the tournament, with Poverty Bay bowling Hamilton out in the final over to win by four runs.

In the sole 30-over round, there were further wins for Poverty Bay and Hamilton, while Northland also rounded out the competition with a victory.

TOURNAMENTS & COMPETITIONS

NZC NATIONALS

Primary Cup (Boys)

Berkley Intermediate finished fifth at the ANZ National Primary School Cup in Lincoln from November 18-20.

Taking place at the NZC High Performance Centre in Lincoln, the week got off to a less than ideal start as the first match was abandoned without a ball being bowled.

Thankfully, the weather cleared in the afternoon to allow play to get underway, however Berkley faced some tough competition, losing this and their two matches the next day, before finishing the competition with a victory over John McGlashan Primary.

A stand-out performer over the week was captain Samuel Keightley, who scored 161 runs across three innings, including two half-centuries and a high-score of 72, to average just under 54.

Tournament Results

- *Berkley Intermediate vs Medbury School - Match abandoned*
- *Berkley Intermediate 111/5 (SO Keightley 72; MDP Tapper 2-18) lost to King's School 112/2 (TB Nelson 48, TJ Hamilton 44 not out) by six wickets.*
- *Raroa Normal Intermediate School 152/4 (AJ Cronin-Stone 67, HJ Law 46; BA Begbie 2-35) defeated Berkley Intermediate 124/6 (SO Keightley 50; AT Collings 2-24) by 28 runs.*
- *Berkley Intermediate 100 (H Cassidy 2-11) lost to Hereworth School 101/3 by five wickets.*
- *Berkley Intermediate 153 (SO Keightley 39; JW Riley 3-32) defeated John McGlashan Primary 110 (L Smith 3-25) by 43 runs.*

Gillette Venus Cup (Girls)

Waikato Diocesan finished fifth in the Gillette Venus Cup National Finals at Lincoln.

They defeated Hutt Valley High School by 33 runs in fifth/sixth play-off, with captain Lucy Boucher impressing with 80 not out from 64 balls, while Georgina Harris also caught the eye 46 not out from 41 balls as Waikato Diocesan posted 153/2, before restricting their opponents to 120/6.

The competition saw several close games go the way of the opposition for Waikato Diocesan, with 10 and 13 run losses the closest they came to securing a second round-robin victory to sit alongside the a victory against the team they also defeated in the play-off, Hutt Valley, where Georgina Harris recorded a scarcely believable 6-8.

A further noteworthy performance came from Lucy Boucher, who made 73 off 64 balls to make it two half-centuries for the tournament.

Tournament Results

- *Epsom Girls GS 144/1 (AW Ewart 65 not out, AT Hucker 39 not out) defeated Waikato Diocesan 76 (PS Jones 3-14) by 68 runs (Full scorecard)*
- *St. Hilda's Collegiate 143/4 (MJ Meltzer 65 not out; HJ Jacobsen 2-26) defeated Waikato Diocesan 133/6 (LF Boucher 73 not out; MJ Meltzer 2-14) by 10 runs (Full scorecard)*
- *Hutt Valley High School 83 (GA Harris 6-8, MA Shackleton 3-17) lost to Waikato Diocesan 84/6 (LF Boucher 45; BT James 2-3) by four wickets (Full scorecard)*
- *St Matthew's Collegiate 150/1 (G Sims 57 not out, MH Lyford 55) defeated Waikato Diocesan 67 (EMA McLeod 3-7, EL Cohr 2-5) by 83 runs (Full scorecard)*
- *Christchurch Girls' High School 102/6 (CR Liddington 34) defeated Waikato Diocesan 89/4 (GA Harris 28 not out, AL McKissock 2-14) by 13 runs (Full scorecard)*

- *FIFTH/SIXTH PLAY-OFF - Waikato Diocesan 153/2 (LF Boucher 80*, GA Harris 46 not out) defeated Hutt Valley High School 120/6 (AS Hamilton 59; LF Boucher 2-14, OA McDonald 2-21) by 33 runs (Full scorecard)*

Gillette Cup (Boys)

Hamilton Boys' High School have experienced final day heartbreak at the Gillette Cup National Finals as they finished second on net run-rate to St. Andrew's College.

After winning their first four matches to sit two points clear at the top-of-the-table going in to the final day, the only team with a chance of catching Hamilton Boys' were their opponents on the last match day, St. Andrew's College.

With a two point buffer and superior net run-rate, Hamilton Boys' could still secure the Gillette Cup with a close loss, but they would've been looking to make it a tournament clean-sweep to remove any chance of missing out on the Cup.

Unfortunately for Hamilton Boys', who had played magnificent cricket up until the final day, they couldn't get the result they needed against St. Andrew's, who posted 276/8 before bowling Hamilton Boys' out for a 174-run win.

As mentioned, Hamilton Boys' have plenty to be proud of, recording four wins from their first four matches and some strong individual performances throughout the tournament, most notably 121 to Jacob Parker against Otago Boys' High School, 4-24 for Banroj Sidhu against the same opponents, while Payton Spencer also took four wickets against Lindisfarne College.

Tournament Results

- *Rosmini College 197 (DJ Winter 62; JL Dinan 3-34) lost to Hamilton Boys' High School (BJ Hayman 87, KDC Clarke 58) by six wickets (Full scorecard)*
- *Hamilton Boys' High School 284/6 (JM Parker 121, JL Dinan 57; JM Cumming 3-39) defeated Otago Boys' High School 140 (TD Wilson 68; Banroj Sidhu 4-24, JM Parker 3-27) by 144 runs (Full scorecard)*
- *Wellington College 220/9 (HAL Morrison 76; Sukhjot Singh 3-50) lost to Hamilton Boys' High School 221/4 (JM Parker 69 not out, Sukhjot Singh 66) by six wickets (Full scorecard)*
- *Lindisfarne College 253/8 (SR Ferguson 62, JK Hammond 55; PC Spencer 4-50) lost to Hamilton Boys' High School 257/6 (SO Sinclair 67 not out, JL Dinan 56) by four wickets (Full scorecard)*
- *St. Andrew's College 276/8 (RA Mariu 89, HT Darling 76; PC Spencer 3-66) defeated Hamilton Boys' High School 102 (TJ McKay 3-12) by 174 runs (Full scorecard)*

ANZ Primary Shield (Girls)

Kamo intermediate went through the Northern Districts regional tournament unbeaten with 4 wins from 4 including a victory over defending national champions Morrinsville intermediate. Kamo Intermediate were unable to participate at the national tournament in Term 4 2019.

NZC Junior Secondary Tournament (Boys)

Tauranga Boys College were unable to participate in the national tournament in March due to Covid-19.

ANZ Primary Shield

The tournament was postponed in March due to Covid-19. Since going back to Alert Level 1, four of the six teams were able to participate in a knockout tournament in Cambridge to find the winner. The final was played between Cambridge Middle School and Tauranga Intermediate, with Tauranga Intermediate chasing down the required 93 wins with 4 balls remaining in a tight game.

ANZ Primary Cup (Boys)

The tournament was postponed in March due to Covid-19. Since returning to Level 1, four teams participated in a nearest neighbour knockout game culminating in a finals day with three teams (Tauranga Intermediate, Marian Catholic Hamilton and Pukekohe Intermediate). Marian Catholic ran out winners on the day with two strong winning performances to be given the title.

ANZ Gillette Venus Cup (Girls)

The tournament was held in Counties Manukau with two of the 3 days completed before the 3rd day was abandoned due to Covid-19. When the tournament was abandoned, two teams were top of the table (Tauranga Girls and Whangarei Girls). A final scheduled between these two teams was to take place since returning to Level 1 but rain thwarted the fixture on two occasions leading to Whangarei girls defaulting to Tauranga Girls.

ANZ Gillette Cup (Boys)

The tournament was affected by Covid-19. Since then, 8 teams have participated in a nearest neighbour knockout competition with the final taking place at Bay Oval. Hamilton Boys High was one finalist beating St Johns Hamilton & Kamo High school, Tauranga Boys College as the second finalist by beating Aquinas College and St Pauls Collegiate. Hamilton Boys beat Tauranga Boys in a tight contest by 1 wicket and retaining the John Guy trophy.

WVCA	12

FERGUS HICKEY ROSEBOWL

Hamilton had a strong defence of the Fergus Hickey with four 'first-inning-winnings-draws' to finish top of the table by a clear ten-point margin.

Round 1: HCA enjoyed a strong start to the competition led by a stunning five wickets by Anurag Verma, to set up a strong platform against Northland dismissing the side for 81-10 before the HCA middle order of Elliot Santner (39), Anish Desai (43), Peter Boccock (53), Keir Bettley (37) and Freddy Walker (35*) amassed 252/9 in return.

The highlight of Round 1 was a 250-run partnership between Counties Manukau top order batters Luke Williamson (101*) and Katene Clarke (158) to set up a declaration on 324-3, WVCA amassing 234-3 in a resulting draw.

Round 2: HCA momentum continued against Counties Manukau in round two saw another strong start with the ball as James (Jimmy) Baker claimed 6-13 and F Walker 4-19 to dismiss Counties Manukau for 84. Elliot Santner led the chase with 87 runs before Paddy Carsons (86), Bettley (66) and F Walker (56*) secured the first innings victory, HCA 392 all out. Bay of Plenty and Northland provided an even match up as Fergus Lellman (82) and Taylor Bettelhiem (66) set up a first innings total of 282 with Nathan Parkes claiming 5-69. In reply, Thorn Parkes raised his bat for a well-fought 129 including a 72 partnership with Ian Page (47) as Northland finished 281 as Bay of Plenty claimed first innings points in a draw.

Round 3: The third-round highlight was a tightly contested fixture between Hamilton and Bay of Plenty (BOP) in which momentum swung frequently. The loss of two quick wickets by Chris Atkinson (2-49) was navigated by E Santner (33) and Carsons (68). However, it was F.Walker that top scored (83) and well supported by Kuwyn Price (75) to propel HCA to 336-10 in the 78th over despite Tim Pringle finishing with 3-98. With ball in hand, Jimmy Baker claimed two early wickets to leave BOP 30-3 before a 125-run partnership between Taylor Bettelhiem (72) and Daniel Flynn (64) alongside 50 from Dominic Crombie provided determined resistance. F. Walker (24-9-65-3) and Troy Mitchell (19-5-49-2) toiled through the middle overs to ensure HCA secured first innings as BOP were dismissed 289-10 in the 94th over.

For WVCA it was batters 9 & 10 in Patrick Tomsett (35) and Reo Sakurano-Thomas (46) which provided some much-needed lower order runs in the first innings as WVCA finished all out for 150 as Nathan Parkes (5-45) and Stacey Hyndman (3-51) ripped through the batting line-up. Northlands dominant display continued with bat in hand, eventually declaring on 304-5 as H Hammond (53), J Banicevich (65) and B Hyde (69) all reached half centuries despite Tomsett's all-round display claiming 3-21. In a resulting draw, WVCA were dominant throughout the second innings and finished on 248-3 with D Kelliher, N Hendire (50), C Swanson (67) and S Cooper (50) all reaching half century milestones.

Round 4: Peter Drysdale (50) and B Mckenzie (52) laid strong foundations as BOPCA finished the first innings on 255 against Waikato Valley. In response, Waikato Valley had a staggered start to close day 1 on 68-3 and with rain affecting the second day of play, the result was a draw.

Nathan Parkes (3-51) good season continued for Northland against Counties Manukau trapping Terence Otterson LBW first ball of the match and combined with Ben Hyde (3-30) reduced Counties Manukau to 86-6. Some lower order determination from S Johnston (35*) and H Dickson (38) saw Counties through to a respectable 204 total as Christopher Page claimed 3-16 in the final overs. Northland enjoyed an early partnership of 91 for the second wicket as N Hammon (65) and James Banicevich (53) combined at the crease before Ian Page enjoyed a quickfire 43 run cameo as Northland claimed a draw with first innings points reaching 222 while no further play on day two was possible. A highlight for Counties Manukau was some excellent bowling from James Naylor (4-28) and James Belx (3-61).

Round 5: Counties Manukau troubles with the bat continued into the last round as only S Varcoe (72) and Luke Williamson (58) reached double figures as their side was dismissed for 150. Chris Atkinson (4-55) and Peter Drysdale (4-28) the leading wicket takers. With time to bat, Bay of Plenty top order reached 228-2 led by openers Taylor Bettelhiem 130 and Peter Drysdale (48) before both were removed by H Dickson (3-72) as Bay of Plenty amassed 335-9 before declaring. Sam Varcoe's great form continued in the third innings as he scored 130 from 202 balls to ensure a draw as Counties Manukau finished 186-1.

Nearest neighbours Waikato Valley and Hamilton is always a tightly contested fixture and the last round proved a thrilling exhibition of batting for both sides. HCA worked hard in the field as partnerships formed in the middle led by D Kelliher (53) and Jake Gibson (63) but Josh Brown (18-1-78-3) and Michael Dodunski (25.4-4-81-3) claimed wickets at crucial times to stem the onslaught and restrict WVCA to 299/10. E.Santner (74) top scored in reply and was well supported by first drop Anish Desai with 66 from 117 balls. The middle order carried the momentum before Anton Devcich hit a rapid 49 from only 43 balls to propel HCA to 301-7 and secure the Fergus Hickey trophy.

The top three batters and bowlers for each competition were:

Batter	Runs	Avg	Bowler	Wickets	Avg
Taylor Bettelheim (BOPCA)	282	70.50	Nathan Parkes (NCA)	13	15.38
Sam Varcoe (CMCA)	268	89.33	Ben Hyde (NCA)	11	16.82
Elliot Santner (HCA)	233	58.25	James Baker (HCA)	10	7.50

BRIAN DUNNING TROPHY

The tournament was severely hampered by the weather at Owen Delany Park in Taupo with Rounds 3 and 5 abandoned in full, while Round 4 was rain effected for all teams. Northland, Hamilton, and Counties Manukau all registered early wins in the first round of play which proved crucial to final table placings.

Round 1: A 58-ball century by Northland first-drop Oli White was the standout performance across the first round as his team amassed 213-4 from the innings, Ben Hyde's power hitting skills on display with 44 from 14 balls. A strong start from S Crossan with 52 from 28 balls and B Musgrave 30 from 12 was short-lived as Tom Herman claimed 4-28 to leave BOPCA 178 all out.

Hamilton suffered a slight stutter on 6-2 in the chase to Waikato Valley's total of 109 before Josh Brown (33) and S Dhambagolla (30*) steered the course to a first win despite a good spell from Matthew Allen with 2-18.

Luke Williamson (62) and Sandeep Patel (43) both scored at a 126% strike rate to propel CMCA to 163-3 against Poverty Bay despite the early loss of Katene Clarke and Paul Stewart claiming 2-30. Counties Manukau dominance continued into the second innings as PBCA were reduced to 3-4 before Robbie Tallott (54*) and Alex Gooding (42) combined at the crease for a 59-run partnership as PBCA finished 137-6.

Round 2: Again, a Northland century was the highlight of Day 2, but this time Henry Cooper led the attack with 16 boundaries and two maximums to score 107 from 59 balls. A supporting cameo from S Hyndman (26) and 15 extras set Hamilton a target of 213 for victory. John Brown (61 from 33) and Freddy Walker (58 from 36) started strongly but once dismissed in the 12th and 16th overs the momentum was lost and S Hyndman completed his day with 3-21.

Bay of Plenty (147/7) enjoyed a convincing win over Poverty Bay (94/10) by 53 runs as BOPCA's Bharat Popli top scored with 49 from 34 balls. PBCA took heart in their ability to claim consistent wickets with J Holden 2-21 and Drew Brierly 2-24 the standout bowlers in a losing effort as only four batters reached double figures with Parry Kulaar's 21 runs from 36 balls the top scorer while C Baldry, Tim Pringle and J Logan all claimed two wickets each to dismiss PBCA in the 20th over.

Counties Manukau and Waikato Valley enjoyed a tight match with CMCA victorious by 12 runs, WVCA left to rue 12 extras from their fielding innings. The batting line up all got starts with Sandeep Patel top scoring on 37 from 27 balls before Jonathan Keen finished strongly with 23 from 13 balls. Waikato Valley hopes rested on Jake Gibson (52) who dealt in boundaries after the early departure of his top order teammates for single digits. Together with David Hancock (35) the chase was on-track until Michael Schofield dismissed Hancock on the final ball of the 19th over, C Jerram bowling a tidy 2-20 spell.

Round 4: Round 4 was the last round of play with results determined by Duckworth-Lewis. The timing of rain thwarted PBCA hopes of a first win as set up by Nic Hendrie's 97* as he fell agonisingly short of a century with support from Thorn Parkes with 32, PBCA posting 150-3. David Hancock claimed all WVCA wickets with 3-20 before D Kelliher (28*) and Jake Gibson 24 took to the crease with an attacking mindset to get ahead of D/L and by the completion of the 8th over were 64-1 as the rain prevented any further play.

Northland's Stacy Hyndman (55) was well supported by C Page, B Hyde and F Coutts as Northland posted 141 all out, wickets shared throughout the Counties Manukau bowlers. With only 6.3 overs possible in the second innings and D Armitt claiming 2-8, Northland were eventual winners by 113 runs.

Hamilton might count themselves unlucky with the rain having set an imposing 158-8 thanks to Freddy Walker's 70 from 48 balls. The BOPCA bowlers shared wickets as D Crombie (2-30) and T Pringle (2-22) dismissed both the openers and middle order. With rain on the radar, Hamilton took some early wickets with Freddy Walker and B Morris-Brown claiming one wicket each, however the arrival of Peter Drysdale (16 from 9) ensured BOPCA surpassed the D/L target and ensure victory.

The top three batters and bowlers for each competition were:

Batter	Runs	Avg	Bowler	Wickets	Avg
Freddy Walker (HCA)	152	76.0	Cameron Hardwick (CMCA)	6	10.5
Oli White (NCA)	115	38.33	Freddy Walker (HCA)	5	14.0
Stephen Crossan (BOP)	107	35.67	Tom Herman (NCA)	4	10.0

BASIL MCBURNEY TROPHY

HCA enjoyed an impressive performance in the Basil McBurney and finished as title holders after victory in each of the five rounds.

A strong HCA victory against Poverty Bay was led by Carsons with 85 runs and supported by Whitley (46) and James Field (32) before Jack Devane (4-27), Nicholas Farrell (3-8) and Elliot Santner (3-7) shared the wickets.

Against Waikato Valley, HCA bowlers Wallbank, Ben Morris-Brown and Farrell ensured that Waikato Valley were restricted to a modest total of 142 before Devane (44) and Callum Hill (35) led the response as HCA reached 143-4.

A strong first innings performance with the bat led by Dhambagolla (73) set up 221-8 against Northland before Cooper Rowell claimed 5-26 and Kuwyn Price 3-29 as Northland were dismissed 60 runs short.

In the fourth round against Bay of Plenty it was a clash of the top of the table as the HCA batting line up amassed 267-8 through strong performances led by Hill (72) and numerous contributions throughout the order including Whitley (36), Ruben Clinton (28) and Alex Clare (28*). HCA bowlers had to work hard in reply, but with the first breakthrough in the 19th over, a mini collapse was triggered as BOP fell from 81-0 to 128-7, eventually finishing on 159 all out as Ryan Smith claimed 4-30 and C Rowell and Satvir Singh taking two wickets each.

In the last round against Counties Manukau, victory would secure the title and chasing 215 for the title after a Morris-Brown five wicket haul, Clinton (97*) and Dhambagolla (76) stood firm as HCA surpassed the required runs with ten overs to spare and eight wickets in hand.

The top three batters and bowlers for each competition were:

Batter	Runs	Avg	Bowler	Wickets	Avg
Daniel Price (BOPCA)	261	65.25	Josh Earle (BOPCA)	8	15.50
Sajith Dhambagolla (HCA)	219	43.80	Ben Morris-Brown (HCA)	8	16.38
Niven Dovey (BOPCA)	191	47.75	Hamish Kidd (NCA)	7	5.29

HAWKE CUP

HCA began the Hawke Cup as holders into the 2019/20 season and fought off a spirited first challenge against Bay of Plenty at Galloway Park. Michael Dodunski in his 100th representative appearance for HCA (the fifth player to ever achieve this feat), led the charge with ball in hand claiming 4-37, supported by Baker and Matt Wallbank with three wickets each as BOP reached 271-10. It was a hard-fought chase as HCA stumbled to 34-3, however E.Santner (33) repelled the probing attack before Matt Whitley, Bettley and F.Walker secured the necessary partnerships in support of top scorer Brook Hatwell who finished 78* from 292 balls to secure first innings and the vital win to progress.

The second defence against Hawkes Bay was a strong victory as Baker (21-2-56-4) and Wallbank (15-6-38-3) led the attack with ball in hand dismissing the challengers for 166. The platform was set and E.Santner set to work at the crease amassing 157 from 386 balls in a fantastic innings of skill and determination. Well supported by Desai, BJ Watling and Bettley in addition to cameos from Bocock, F.Walker and Dodunski, HCA secured victory reaching 452-10.

In the third defence against Canterbury Country, HCA failed to fire with the bat and were dismissed for 98. In reply, Canterbury County reached 240 all out as F.Walker ran through the lower order to claim 36.1-11-76-5. HCA were determined in response as the top order set about the task led by E.Santner (45), Bettley (55) and Devcich (39) to reach 243 all out. A couple of early wickets gave hope to the defenders, but unable to break partnerships, Canterbury Country surpassed the required amount to claim victory and the Hawke Cup.

ERIC PETRIE CUP

Mount Maunganui claimed the Eric Petrie Cup after defeating Karaka Cricket club in the final.

After Winning the Bay wide Cup, Mount Maunganui (Bay of Plenty) beat Star University (Hamilton) in the semi-final.

This set up a final with Karaka (Counties Manukau), who had come through the Northland-Counties Manukau semi-final beating Kamo Cricket Club.

The final was a close contest with the side from Bay of Plenty claiming the win, this also ensured Mount Maunganui the right to represent Northern Districts at the national club championships in Auckland in April. The national Championships were postponed due to Covid-19.

DISTRICT ASSOCIATION OVERVIEW

WAIKATO VALLEY

Keith
Vincent

Development
Manager – Waikato

The 2019/20 season was another positive year for the Waikato Valley Cricket Association.

Representative teams:

Overseen by Pathway manager Janice Fraser, we delivered winter programs for our representative squads with all teams performing well during the season. Credit must go to the players for their hard work, but we must also mention the time and effort of the coaches, supporters, and parents. We must also congratulate our players that have made Northern Districts and New Zealand teams.

Community Cricket:

Overseen by Keith Vincent and Ramesh Subasinghe. There have been a few changes this season with shared services model with Hamilton and Northern Districts, all parties are committed to finding efficiencies in our operation so that more resources can be used to help deliver the game. Cricket in the north of Waikato Valley continues to flourish. Exciting developments during the season were 1000+ participants across the five festival days, including 240 girls that participated in a girls only festival day. The restart of a Junior Saturday morning competition after 10+ years of absence in the north of Waikato Valley. Te Awamutu, Otorohanga and Te Kuiti also combined for a Friday night softball competition.

Competitions:

There was more variety in the senior competition this season with the introduction of CMCA clubs into the HCA/WVA competition, a full round of two-day cricket for our premier clubs. In our reserve grade we had a red and white ball competition. We continue to have strong participation in junior cricket thanks to the clubs and schools that put in a huge effort in attracting and retaining participants.

Due to COVID-19 we had to cut the season short before the finals of our competitions.

The board continue to work hard and look out for the best interests of the Association. As always, cricket runs with an army of volunteers providing good experiences for our cricketers. These coaches, committee members, umpires, scorers, supporters are the backbone of our sport and we thank them for their support.

DISTRICT ASSOCIATION OVERVIEW

COUNTIES MANUKAU

Peter
Zanzottera

GM Pathways

The 2019/20 season in Counties Manukau was an exciting one, which saw significant gains in playing numbers at junior level, changes to our premier competition through engagement with Waikato-Valley and Hamilton and the ongoing consolidation and development of initiatives to promote cricket in the CMCA area, which is seeing fantastic growth in our community cricket programmes (12,000 kids seen through our in-school sessions alone).

On the staffing front our Pathway and Community Development Managers Spencer Cramer and Serena Somlyai have, in their second year, continued to develop the opportunities provided by their respective roles. Both are making a fine contribution to CMCA activity. During the summer we were pleased to welcome Kevin Parekh to a seasonal role, providing the Association with administrative support.

Continuing with staffing, March saw the resignation of our long serving CEO/General Manager, Trevor Gill. Trevor must be acknowledged for his huge contribution to CMCA over a 12 year period during which he established strong operational systems and ensured the ongoing financial viability of the association. Throughout his time Trevor was a strong advocate for CMCA at both Northern Districts and New Zealand Cricket levels.

In terms of individual achievements, as always there are many, but it is worth highlighting the following:

- Hayden Dickson was selected for the NZ Under 19 team that played in the World Cup in early 2020.
- Katie Gurrey received the supreme women's domestic Player of the Year award, along with the Ruth Martin Cup for women's domestic batting, after she totalled 992 runs for the Spirit across the Hallyburton Johnstone Shield and Dream11 Super Smash campaigns.
- Katene Clarke debuted and performed admirably for the Knights throughout the summer, whilst both Sandeep Patel and Scott Johnston were selected in the matchday 12 for the Knights at different times in the season.
- Counties Manukau junior Nick Kelly flourished down south winning the Otago Volts Super Smash Player of the Year Award, and earned himself a contract with St Kitts and Nevis in the Caribbean Premier League.
- Glen Schache, our statistician, was awarded CMCA life membership after many fantastic years of service
- John Dempsey and Ash Mehrotra, were selected for the first class umpires' panel and were involved in both domestic and international fixtures throughout the summer
- John Keen was recognised at the Northern Districts awards night for his services to junior cricket.
- Rod McGregor received the New Zealand Cricket 'Outstanding Contribution to Cricket Award' for his 6 decades of voluntary service in almost every conceivable capacity for Waiuku District Cricket Club, Glenbrook Cricket Club and Counties Manukau Cricket Association

We are excited with where we are and looking forward to building on our efforts in the coming summer.

DISTRICT ASSOCIATION OVERVIEW

NORTHLAND

Stephen
Cunis

The 2019-20 season was a busy one for the NCA. With hosting the England test team, Ford Trophy and Plunket Shield matches, as well as Northland, premier, reserve, Cobham Club and junior club/representative fixtures, it meant that Cobham Oval was well and truly bursting at the seams with cricket, and the cricket buzz in the community was very good. The ground itself was managed well by the NCA staff and by head groundsman, Henry Logan. It was great to receive such positive feedback from the England team and as usual, the ND side enjoyed the Northland hospitality and facilities.

Although we had a vast amount of international, First Class, List A, representative and club cricket played at Cobham Oval, we still had various junior and senior competitions running, throughout the season. Our junior and senior competitions were well facilitated, and it was pleasing to see cricket being played at numerous grounds, and at varying levels of ability, throughout Northland. It is now up to the NCA to find ways to support junior and senior club cricket, at all levels, and build on what we have after COVID, and work closely with ND and NZC to ensure we support our clubs.

It is vital to acknowledge our coaches, managers, administrators, and supporters in junior and senior club cricket. It's a hard task, at times, for volunteers to coach, manage and administer teams and clubs. It's difficult to show the NCA's true appreciation to all of those volunteers involved in cricket, but we most certainly do. I'd also like to thank Eimear Richardson for her dedication to growing cricket in not only Northland, but also ND, and to Neal Parlane and Paul Hope for their efforts in providing exciting cricketing opportunities for cricketers.

We have a good representative programme – both senior and junior. Karl Treiber does a fine job in junior representative cricket, as do the various other junior coaches, managers, selectors, sponsors and parents. The senior coaching staff also do a great job, led by Neal Parlane, and their hard work and expertise is greatly appreciated. Northern Districts also assisted in our representative programmes and I'd like to personally, and on behalf of the NCA, thank Pete Zanzottera and Cliff Dickeson for their efforts – this year and for the many years of service they have put into cricket – they are both outstanding men. Northland has a very good relationship with ND, and we thank them for their support.

Finally, we have a great staff at the NCA, brilliant sponsors and funders, and a fantastic volunteer base. We are extremely fortunate to have such an obliging and cooperative group of people who support cricket in Northland. The NCA thanks all of those that support our association.

DISTRICT ASSOCIATION OVERVIEW

HAMILTON

Amy
Marfell

The 2019/20 season was a year in which HCA ventured into new partnerships with the aim of continuing to deliver and improve local and regional cricket experiences.

As part of the overarching New Zealand Cricket project “One Cricket”, HCA entered a Shared Services Agreement with NDCA who now operationally delivers community and pathway cricket including all programmes and competitions on behalf of HCA. This shared services model sees community cricket and administration functions combined into one team across the Waikato region, increasing resources on the ground. We would like to take a moment to thank the cricket community for their patience as we have and continue to work through the transition.

As with all sports organisations across New Zealand, COVID 19 presented us with some disruption, challenges, and a readjustment of priorities. HCA had many fine performances and achievements to celebrate this season however, and some of these are outlined below. Of note, was Michael Dodunski’s achievement to reach 100 appearances for Hamilton Cricket Association. Michael is only the fifth player to reach this feat for HCA.

Across the community game, the main strategic intent remains to increase the quality and quantity of participant experiences for males and females across all levels including junior, youth/college and senior. Within pathways, five teams (boys and girls) represented HCA within NDCA underage tournaments as well as teams in the Fergus Hickey, Basil McBurney and Brian Dunning tournaments. As the proud holders of the Hawke Cup, HCA successfully defended two challenges before losing to Canterbury Country in Round 3. Several players also were selected to play in the NDCA SkyCity Hamilton Northern Premier League competitions, the final day of play being hosted by HCA at Jansen Park. Umpire and scorer development remain a critical priority as is as development of coaches.

At Senior level, the Spark Limited Overs competition welcomed four teams from Counties Manukau, with the final being contested by two HCA teams, with Hamilton Star University overcoming Hamilton Old Boys. Star University made it two from three as deserved winners of the Eddy Marr Bowl, while Hamilton Old Boys won the RM. Dodunski Cup (T20). A total of 70 teams competed in the Business House league, a pleasing increase from the previous season. Unfortunately for all participants, the last two rounds of play and any scheduled finals across all grades in the season inclusive of the Howden Cup were cancelled, due to the national lockdown in response to COVID-19. This lockdown also impacted the schools who were to represent HCA in the NDCA Regional School qualifier tournaments (ANZ Cup & Shield and Gillette Cup & Gillette Venus Cup).

HCA continues to strive towards our strategic purpose “to provide enjoyable cricketing experiences for people of all ages and abilities” and so would like to acknowledge and thank all of the volunteers, parents, supporters, scorers, coaches and players across the cricket community at all ages and levels of the game and look forward to seeing you in the 20/21 cricket season.

DISTRICT ASSOCIATION OVERVIEW

POVERTY BAY

Kim
Shaw

A busy season for players, staff and the Board.

Governance: At the beginning of the season we combined with our local RSO, Sport Gisborne Tairawhiti to review our Strategic Plan, Governance structure and also carry out a basic health check on just how we operate as an association. After many sessions we created a model that suits both the community and present/future boards, which we are confident will meet all expectations.

Senior Cricket: At our premier level after consultation with the teams, variations to our limited overs competition were made. By and large, all agreed it made for more interest but the real winners were those teams who took the time to plan strategies.

The big surprise however was our next level. New teams entered comprising players “making the comeback” and then combining with those too old for junior teams but not confident to play at a higher level. For the first time, the local “rural based” rugby club even entered a very competitive team of assorted farmers. The support and encouragement displayed can only be good for 20/21. The attendance and late night finish at prize giving confirms we had a successful season.

Junior Cricket: Our very successful “Junior Colts” competition continued on from last season. Something about playing with pink balls and wearing colorful shirts appeals to these boys and girls.

Dedicated training sessions run by Nic Hendrie our Operations Manager and his seasonal staff, provided a successful transition from Superstar softball to Primary Hardball for both parts of the season. Their professional approach saw the mysteries surrounding batting pads explained and the angst removed facing a hardball for the first time.

While we had a much improved participation rate for the fourth term of 2019, unfortunately the numbers in the first term of 2020 in some schools reduced considerably. The common reason seems to be the delay in reaching top gear after the long Summer Holiday break ... teaching staff and children in the same boat.

Girl's/Women's Cricket: Before the season started a group of supportive parents created the Tairawhiti Women's Cricket Club, a club solely for girls with a view to developing senior cricketers. They competed very successfully against their male counterparts from Primary Hardball to Junior Colts, with older ones invited to join some of the second grade senior teams.

Representative Teams: A growing concern at all levels is the cost involved in sending teams out of the district. Despite funding from assorted trusts and funding raising activities, a significant number of families find it difficult to pay for their child. Fortunately, we are still in a position to send junior teams to a tournament each January hosted by our neighbours in Hawke's Bay.

External Relationships: Our local District Council continues to improve their already considerable support and assistance. This season saw our practice facilities upgraded with a promise of further improvements during Winter and Spring in time for the start of the Post Covid 2020/21 season.

DISTRICT ASSOCIATION OVERVIEW

BAY OF PLENTY

Shaun
Riley

The 2019-20 season was impacted in March due to COVID 19. We were unable to complete our competitions and finals couldn't be played. While this was disappointing, there are many other sports that have been impacted to a greater extent. With the 2020-21 season nearly upon us, we are nervously hoping that COVID does not impact our ability to play cricket and deliver our cricket programs.

Despite the early finish BOPCA achieved the majority of its KPIs and our staff did a great job over the summer to make sure we were on track. Achievement of these KPIs is critical as our funding from NZC (via ND) is reliant on this. As noted below the financial performance of BOPCA has greatly improved, however there is still a lot to do to ensure BOPCA does not revert back to the struggles of the past.

Over the past year, for what is a relatively new Board, our focus has been primarily:

- Stabilising the financial position of the association,
- Assessing the current policies and identifying gaps,
- Building relationships with funders, sub associations and other stakeholders,
- Ensure our KPIs were met.

Moving forward we will move our focus to:

- Creating a strategy that ensure the long-term success of BOPCA,
- Continue with strong financial management,
- Reduce gaming revenue as a percentage of revenue,
- Develop strong policy,
- Deliver on our key objectives.

Acknowledgements

We would like to acknowledge the staff, whom in a difficult environment with funding difficulties, then COVID, managed to reach most of our KPIs and deliver quality community programs, both directly and via the sub associations.

We would also like to thank the players for in the most part playing the game in a great spirit and the umpires for making the competition a great one to play in.

Lastly, to all of the volunteers throughout the Bay, without all of you we wouldn't be able to deliver cricket to a high standard, from juniors, to seniors and representative cricket, it takes a large number of volunteers to make the game happen. So thank you for giving up your time to support all of the players and administrators, we are all very appreciative.

Community Cricket Development

Despite a challenging and shortened season in 2019/20 due to COVID-19 and some funding difficulties, BOPCA managed to deliver a successful community season across the region. We managed to achieve all development and community KPI targets set by New Zealand Cricket, which included:

- Player registrations on CricHQ increase to over 2000 registered players,
- 100% of our junior coaches being registered, qualified and police vetted, 125 coaches.
- all BOPCA clubs identifying and registering a committee volunteer on the NZC register
- and our school delivery programmes reaching 12,000 school participants across BOPCA. A student saturation rate of 19% and a school saturation rate of 48%.
- Delivery of our Female delivery programmes; GoGirls, YeahGirls and NPLGo to 867 girls across BOP.
- Female Cricket Charity event – 12 female teams taking part raising over \$1500 for women's refuge.

We managed to achieve these great results thanks to the work and support of our Sub-Associations, schools, clubs and all of the brilliant volunteers we have in the region.

This season our focus will be to best support our SA's and clubs to ensure their membership numbers remain steady and their members have a great summer playing cricket. We will continue to deliver cricket in schools, including girls programs. With a NZC driven focus on improving school connection and relationships. School delivery in Term 4 and Term 1 remains of high importance, however, this delivery is dependent on sourcing appropriate funding.

Pathway/Representative Review

The highlight for this year was the inclusion of two of our promising players in the NZ19 team to go to the under 19 World Cup in South Africa. Ben Pomare and Fergus Lellman both represented the Bay and themselves extremely well and should be proud of their efforts (as we are).

Closer to home, both senior representative teams came second in their respective competitions, both missing out to Hamilton. The development team continues to act as a feeder into the men's 1st XI, with several players making a successful transition. Taylor Bettelheim's hundred against Hamilton in his debut Hawke Cup match is a perfect example of this transition in effective.

The future looks positive for cricket in the region with the age group teams performing well at the Northern Districts tournaments and BOPCA continuing to have strong representation in the ND junior high-performance squads.

It is exciting to see the progression of our female pathway group, demonstrated by the number of players selected in the Northern Districts U15 & U17 teams. Offering additional playing and coaching opportunities will continue to a key focus in the ongoing development of our female athletes.

INDEPENDENT AUDITOR'S REPORT

To the Members of Northern Districts Cricket Association Incorporated

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Northern Districts Cricket Association Incorporated ('NDCA') on pages 7 to 24, which comprise the statement of financial position as at 31 July 2020, and the statement of comprehensive revenue and expenses, statement of changes in net assets/equity and statement of cash flows for the year then ended, and notes to the financial statements, including significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of NDCA as at 31 July 2020, and its financial performance and its cash flows for the year then ended in accordance with Public Benefit Entity Standards Reduced Disclosure Regime ('PBE Standards RDR').

Our report is made solely to the Members of NDCA. Our audit work has been undertaken so that we might state to the Members of NDCA those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Members of NDCA as a body, for our audit work, for our report or for the opinions we have formed.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (New Zealand) ('ISAs (NZ)'). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of NDCA in accordance with Professional and Ethical Standard 1 (Revised) *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ('IESBA Code'), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other than in our capacity as auditor we have no relationship with, or interests in, Northern Districts Cricket Association Incorporated.

Responsibilities of the Board for the Financial Statements

The Board is responsible on behalf of NDCA for the preparation and fair presentation of the financial statements in accordance with PBE Standards RDR, and for such internal control as the Board determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible on behalf of NDCA for assessing NDCA's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intend to liquidate NDCA or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located at the External Reporting Board's website at:

<https://www.xrb.govt.nz/assurance-standards/auditors-responsibilities/audit-report-8/>

The engagement partner on the audit resulting in this independent auditor's report is G Ghuman.

Financial Statements | Northern Districts Cricket Association Incorporated

Notes to the Financial Statements

Northern Districts Cricket Association Incorporated For the year ended 31 July 2020

1. Statement of Accounting Policies

Reporting Entity

Northern Districts Cricket Association Incorporated ("Northern Districts Cricket") is incorporated under the Incorporated Societies Act 1908.

Northern Districts Cricket is a public entity for the purposes of financial reporting in accordance with the Financial Reporting Act 2013.

Statement of Compliance

The financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice ("NZ GAAP"). They comply with Public Benefit Entity Standards Reduced Disclosure Regime ("PBE Standards RDR") and Public Benefit Entity International Public Sector Accounting Standards ("PBE IPSAS") that have been authorised for use by the External Reporting Board for Not-for-Profit entities.

Northern Districts Cricket is a public benefit not for profit entity and is eligible to apply Tier 2 PBE standards on the basis that it does not have public accountability and is not defined as large.

Measurement Basis

Unless otherwise stated, the measurement base is that of historical cost. Reliance is placed on the fact that Northern Districts Cricket is a going concern.

Functional and presentation currency

The financial statements are presented in New Zealand dollars (\$) which is the entity's functional currency, rounded to the nearest dollar.

There has been no change in the functional currency.

Use of judgements and estimates

The preparation of the financial statements requires the Board and management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

(a) Judgements

Judgements made in applying accounting policies that have had the most significant effects on the amounts recognised in the financial statements is revenue recognition- non-exchange revenue (conditions vs. restrictions).

(b) Assumptions and estimation uncertainties

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 July 2020 is the useful life, recoverable amount and depreciation method and rate of property, plant and equipment.

(c) Assumptions on depreciation rate and useful life

Standard industry rates are used for depreciation rates and the useful life of property, plant and equipment which are reassessed annually for any impairment.

(d) Changes in accounting estimates

The accounting policies set out below have been applied consistently to all periods presented in these financial statements and have been applied consistently by Northern Districts Cricket.

2. Specific Accounting Policies

The following specific accounting policies have been used in preparing these financial statements.

Revenue

Revenue is recognised when the amount of revenue can be measured reliably and it is probable that economic benefits will flow to Northern Districts Cricket and is measured at the fair value of the consideration received or receivable.

The following specific recognition criteria in relation to Northern Districts Cricket's revenue streams must also be met before revenue is recognised.

Revenue from non-exchange transactions

Non-exchange transactions are those where Northern Districts Cricket receives an inflow of resources but provides no (or nominal) direct consideration in return. With the exception of services-in-kind, inflows of resources from non-exchange transactions are only recognised as assets where both:

- it is probable that the associated future economic benefit or service potential will flow to Northern Districts Cricket, and
- fair value is reliably measurable.

Inflow of resources from non-exchange transactions that are recognised as assets are recognised as non-exchange revenue, to the extent that a liability is not recognised in respect to the same inflow.

Liabilities are recognised in relation to inflows of resources from non-exchange transactions when there is a resulting present obligation as a result of the non-exchange transactions, where both:

- it is probable that an outflow of resources embodying future economic benefit or service potential will be required to settle the obligation, and
- the amount of the obligation can be reliably estimated.

The following specific recognition criteria in relation to Northern Districts Cricket's non-exchange transaction revenue streams must also be met before revenue is recognised.

Grants from New Zealand Cricket - General Funding and other non-exchange revenue

New Zealand Cricket (NZC) - General Funding and other non-exchange revenue is recognised when the conditions attached to the grant have been complied with. Where there are unfulfilled conditions attached to the grant, the amount relating to the unfulfilled condition is recognised as a liability and released to revenue as the conditions are fulfilled. Stipulations that are 'conditions' specifically require Northern Districts Cricket to return the inflow of resources received if they are not utilised in the way stipulated, resulting in the recognition of a non-exchange liability that is subsequently recognised as non-exchange revenue as and when the 'conditions' are satisfied.

MAISEY HARRIS & CO

Stipulations that are 'restrictions' that do not specifically require Northern Districts Cricket to return the inflow of resources received if they are not utilised in the way stipulated, do not result in the recognition of a non-exchange liability, resulting in the immediate recognition of non-exchange revenue.

Revenue from exchange transactions

Gate Receipts

Entrance fees for functions and events are recorded as revenue when the function or event takes place and are measured at the fair value of the consideration received or receivable.

Commercial Activities

Hosting and hospitality income is recorded as revenue when the function or event takes place and is measured at the fair value of the consideration received or receivable.

Coaching & facilities

Revenue is recognised immediately where members, groups or individuals purchase specific services relating to coaching and development courses. At year end any revenues for which the conditions of receipt have not been met are then transferred to deferred revenue. Once the conditions have been met, the revenue is recognised in that financial year.

Sponsorship Revenue

Northern Districts Cricket receives cash and non-cash sponsorship in the form of goods and services. The fair value of the cash, goods and services received is recognised as Sponsorship revenue when it is probable that the associated future economic benefit or service potential will flow to the entity, and the fair value is reliably measurable.

Grant Revenue from NZ Cricket, Funding Organisations and Other Grants

Grant revenue, with the exception of NZC General Funding as discussed above, is recognised when the conditions attached to the grant have been complied with. Where there are unfulfilled conditions attaching to the grant, the amount relating to the unfulfilled condition is recognised as a liability and released to revenue as the conditions are fulfilled.

Employee Benefits

Liabilities for wages and salaries, annual leave and accumulating sick leave are recognised in surplus or deficit during the period in which the employee provided the related services. Liabilities for the associated benefits are measured at the amounts expected to be paid when the liabilities are settled.

Financial instruments

Northern Districts Cricket initially recognises financial instruments when Northern Districts Cricket becomes a party to the contractual provisions of the instrument.

Derecognition

Northern Districts Cricket derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of

ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by Northern Districts Cricket is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, Northern Districts Cricket has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Initial Recognition and Measurement

Northern Districts Cricket classifies financial assets into the following categories: fair value through surplus or deficit, held-to-maturity, loans and receivables, and available-for-sale.

Northern Districts Cricket's financial assets include: cash and cash equivalents, receivable from exchange transactions, quoted and unquoted investments. Subsequent measurement is dependent on the classification of the financial instrument, and is specifically detailed in the accounting policies below.

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference to quoted market prices, without any deduction for transaction costs.

Financial assets at fair value through surplus or deficit

Financial assets at fair value through surplus or deficit include financial assets held for trading and financial assets designated upon initial recognition at fair value through surplus or deficit. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term.

Northern District Cricket has not designated any financial assets at fair value through surplus or deficit.

Held-to-maturity

Non-derivative financial assets with fixed or determinable payments and fixed maturities are classified as held-to-maturity when Northern Districts Cricket has the positive intention and ability to hold them to maturity.

Held-to-maturity financial assets are subsequently measured at amortised cost using the effective interest method, less any impairment losses. Northern Districts Cricket did not have any held-to-maturity investments during the years ended 2020 and 2019.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables are subsequently measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise cash and cash equivalents and receivables from exchange transactions. Cash and cash equivalents represent highly liquid investments that are readily convertible into a known amount of cash with an insignificant risk of changes in value, with maturities of 3 months or less.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available-for-sale or are not classified in any of the above categories of financial assets. Available-for-sale financial assets are subsequently measured at fair value with unrealised gains or losses recognised in other comprehensive revenue and expense and presented in the Available-for-sale fair value reserve within net assets/equity, less impairment. Upon derecognition, the accumulated gain or loss within net assets/equity is recognised in surplus or deficit. When investment is determined to be impaired, the cumulative loss is reclassified from the reserve to the statement of financial performance. Available-for-sale financial assets comprise equity investments and debt security.

Amortised cost financial liabilities

Financial liabilities classified as amortised cost are non-derivative financial liabilities that are not classified as fair value through surplus or deficit financial liabilities. Financial liabilities classified as amortised cost are subsequently measured at amortised cost using the effective interest method. Financial liabilities classified as amortised cost comprise trade and other payables.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in surplus or deficit.

Impairment of financial assets

A financial asset is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset, and that the loss event had an impact on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired includes default or delinquency by a counterparty, indications that a counterparty or issuer will enter bankruptcy, economic conditions that correlate with defaults or the disappearance of an active market for a security. In addition, for an equity security classified as an available-for-sale financial asset, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

Financial assets carried at amortised cost (loans and receivables)

Northern Districts Cricket considers evidence of impairment for financial assets measured at amortised cost (loans and receivables and held-to-maturity) at both a specific asset and collective level. All individually significant assets are assessed for specific impairment. Those found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Assets that are not individually significant are collectively assessed for impairment by Northern Districts Cricket together with assets with similar risk characteristics. In assessing collective impairment Northern Districts Cricket uses historical trends of the probability of default adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate.

Losses are recognised in surplus or deficit and reflected in an allowance account against loans and receivables or held-to-maturity financial assets. Interest on the impaired asset continues to be recognised. When an event occurring after the impairment was recognised causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through surplus or deficit. Individual trade receivables that are known to be uncollectible are written off when identified, along with associated allowances.

Financial assets classified as available for sale

For Available-for-sale ("AFS") financial assets, Northern District Cricket assesses at each reporting date whether there is objective evidence that an investment or a group of investments is impaired.

In the case of equity investments classified as AFS, objective evidence would include a significant or prolonged decline in the fair value of the investment below its cost. 'Significant' evaluated against the original cost of the investment and 'prolonged' against the period in which the fair value has been below its original cost.

When there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in surplus or deficit – is removed from net assets/equity and recognised in surplus or deficit.

MAISEY HARRIS & CO

Impairment losses on equity investments are not reversed through surplus or deficit; increases in their fair value after impairment are recognised in other comprehensive revenue and expense.

In the case of debt instruments classified as AFS, the impairment is assessed based on the same criteria as financial assets carried at amortised cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortised cost and the current fair value, less any impairment loss on that investment previously recognised in surplus or deficit.

Impairment losses on available-for-sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve in net assets/equity to surplus or deficit. In the case of equity investments classified as available-for-sale, objective evidence would include a significant or prolonged decline in the fair value of the investment below its cost. 'Significant' is evaluated against the original cost of the investment and 'prolonged' against the period in which the fair value has been below its original cost.

The cumulative loss that is reclassified from the fair value reserve in net assets/equity to surplus or deficit is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss recognised previously in surplus or deficit.

Property, plant and equipment

Items of property plant and equipment are initially measured at cost, except those acquired through non-exchange transactions which are instead measured at fair value as their deemed cost at initial recognition.

Items of property, plant and equipment are measured under the Cost Model which shows initial cost including any expenditure directly attributable to the acquisition, delivery or installation (or fair value for items acquired through non-exchange transactions) less accumulated depreciation and impairment. Northern Districts Cricket's items are subsequently measured in accordance with the Cost Model.

Any gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in surplus or deficit.

Depreciation is recognised in surplus or deficit on a straight-line or diminishing value basis over the estimated useful lives of each component of an item of property, plant and equipment. Assets under construction are not subject to depreciation.

Depreciation methods, useful lives, and residual values are reviewed at each reporting date and adjusted if appropriate.

The straight line and diminishing value depreciation rates for 2020 are:

Asset Category	2020 Depreciation Rates	2019 Depreciation Rates
Buildings	7.2% - 25% SL ; 20% DV	7.2% - 25% SL ; 20% DV
Grounds Plant and Equipment	3% - 36% SL ; 20% DV	3% - 36% SL ; 20% DV
Cricket Equipment	14.3% - 36% SL ; 20% - 67% DV	10% - 36% SL ; 20% - 67% DV
Computer Equipment	36% - 67% SL ; 50% DV	36% - 67% SL ; 50% DV
Office Equipment	8.4% - 80.4% SL ; 13% DV	8.4% - 80.4% SL ; 13% DV

Impairment of non-financial assets

The carrying amounts of Northern Districts Cricket's non-financial assets, other than inventories, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

Leases

Leases in terms of which Northern Districts Cricket assumes substantially all the risks and rewards of ownership are classified as finance leases.

Operating leases

Leases that are not finance leases are classified as operating leases. Operating leases are not recognised in Northern Districts Cricket's statement of financial position. Payments made under operating leases are recognised in surplus or deficit on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

Income Tax

Northern Districts Cricket is exempt from Income Tax under section CW46 of the Income Tax Act 2007.

Goods and services tax (GST)

The net amount of GST recoverable from, or payable to, the Inland Revenue Department is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the Inland Revenue Department is classified as part of operating cash flows.

Equity

Equity is measured as the difference between total assets and total liabilities and is made up of the following components:

Accumulated comprehensive revenue and expense

Accumulated comprehensive revenue and expense is Northern Districts Cricket's accumulated surplus or deficit since its formation, adjusted for transfers to/from specific reserves.

Available-for-Sale Fair Value Reserve

As the available-for-sale investments is accounted for at fair value, the difference between the fair value in prior year and current year are recognised in the available-for-sale reserve.

Cash and cash equivalents

Cash and cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Inventories

Inventories held for consumption in the provision of services that are not sold on a commercial basis are measured at the lower of cost and net realisable value. For inventory that was acquired through non-exchange transactions, the cost of the inventory is its fair value at the date of acquisition. For inventory held for the distribution or consumption in providing goods and services to be distributed at no charge or for nominal charge, these are measured at cost adjusted for any loss of service potential.

Prepaid Lease Assets

Prepaid Lease Assets are recognised in the Statement of Financial Position and are amortised over the life of the remaining lease.

MAISEY HARRIS & CO

	2020	2019
3. Revenue		
Revenue from non-exchange transactions		
NZ Cricket Funding	1,432,002	1,432,000

Levies	34,956	31,155
Other Grants	68,500	45,000
Other Income	1,262	-
Realised Gains on Available-for-Sale Financial Assets	11,159	1,805
Sponsorship	440,933	371,974
Total Revenue from exchange transactions	3,718,876	3,674,887
Total Revenue from Exchange & Non-Exchange Transactions	5,229,080	5,189,640
	2020	2019

4. Expenses

The following amounts are included in expenses for the year

Audit fees	10,480	14,180
Operating lease rentals	90,403	90,403

There were no non-audit services provided by the auditors of the financial statements, Baker Tilly Staples Rodway Audit Limited (2019: NIL).

	2020	2019
5. Cash & Cash Equivalents		
Current Assets		
Cash on hand	18	28
Bank - operating	815,668	534,152
Bank - deposits	977	976
Cash investments in Craigs Investment Partners	13,889	4,654
Total Current Assets	830,551	539,810

MAISEY HARRIS & CO

	2020	2019
Current Liabilities		
Credit cards	(3,274)	(3,354)
Total Current Liabilities	(3,274)	(3,354)
Total Cash & Cash Equivalents	827,278	536,456

Per annum annual interest rate ranges applicable to components of cash and cash equivalent (%):

Credit Cards: 18.95% (2019, 18.95%)

Bank Deposits: 0.05% (2019, 0.1%)

There are no restrictions over any of the cash and cash equivalents held by Northern Districts Cricket Association.

Northern Districts Cricket has a \$40,000 unsecured overdraft facility, which was undrawn as at balance date (2019: \$40,000 undrawn).

6. Accounts Receivables - Exchange Transactions

	2020	2019
Receivables from Exchange Transactions	\$69,126	\$50,341
Sundry Receivables	\$27,439	\$5,416
Total	\$96,565	\$55,757

	2020	2019
7. Investments		
Current		
Craigs Investment Partners - held to maturity	-	116,166
Craigs Investment Partners - available for sale	501,600	460,146
Total Current	501,600	576,312
Non-current		
Craigs Investment Partners - available-for-sale	206,630	84,280
Total Non-current	206,630	84,280
Total Investments	708,230	660,592

	2020	2019
8. Inventories		
Cricket balls & merchandise	52,518	45,469
Total Inventories	52,518	45,469

There were no reversals of previously written down inventory items (2019: nil).

There are no items of inventory pledged as security against Northern District Cricket's liabilities (2019: nil).

9. Property, Plant & Equipment

Refer to asset schedule on page 24.

(i) Impairment and impairment reversals (cash generating assets)

There has been no impairment or impairment reversal of property, plant and equipment during the year (2019: nil)

(ii) Security held over items of property, plant and equipment

There are no items of property, plant and equipment that are pledged as security (2019: nil)

	2020	2019
10. Creditors and accrued expenses		
Trade payables from exchange transactions	(119,570)	(94,867)
Sundry accruals	(10,000)	(16,878)
Total Creditors and accrued expenses	(129,570)	(111,744)
	2020	2019

11. Deferred Revenue

Lease revenue received in advance	-	-
Grant revenue received in advance	121,000	275,000
Other revenue received in advance	625	6,995
Total Deferred Revenue	121,625	281,995

Deferred revenue represents income which relates to expenditure that will be incurred in the following financial year and primarily relates to grants from funding organisations. All deferred revenue is from exchange transactions.

	2020	2019
12. Employee Entitlements		
Current		
Short-term employee entitlements	49,865	71,359
Total Current	49,865	71,359
Total Employee Entitlements	49,865	71,359

13. Prepaid Leases

Television Broadcasting Tower & Broadcasting Boxes

During the 2014/15 financial year, Foster Construction Limited constructed and met the costs of the new Television Broadcasting Tower and Broadcasting Boxes at Seddon Park, Hamilton. These payments have been capitalised as Prepaid Lease Assets.

Under the terms of funding, Construction and Priority Use between Hamilton City Council, Sky Television Network, Northern Districts Cricket and Foster Construction Limited, Northern Districts Cricket did not contribute to the up front cost of construction, but on completion of the Towers, paid an initial \$32,000 (plus GST). Northern Districts Cricket has a commitment under the agreement to make an additional five payments of \$32,000 (plus GST) which are due on the annual anniversary to Foster Construction Limited.

MAISEY HARRIS & CO

The sum of the remaining instalments is \$NIL (2019: \$32,000) as shown on the Statement of Financial Position.

	2020	2019
Television Broadcasting Tower & Broadcasting Boxes		
Current Portion	-	(32,000)
Total	-	(32,000)

Player Changing & Viewing Facilities

During 2014 the Hamilton City Council undertook an upgrade of the player changing and viewing facilities at Seddon Park. Northern Districts Cricket contributed to the project by way of a \$140,000 contribution through obtaining grants totalling \$167,000 from external sources. These payments have also been capitalised as Prepaid Lease Assets.

	2020	2019
Player Changing & Viewing Facilities		
Current Portion	30,700	78,050
Non-Current Portion	-	30,700
Total	30,700	108,750

	2020	2019
Prepaid Lease Asset		
Opening Balance	108,750	186,800
Amortisation	(78,050)	(78,050)
Closing Balance	30,700	108,750

14. Financial Instruments

Financial Assets		
Cash and Cash Equivalents	830,551	539,810
Receivables	96,565	55,757
Investments	708,230	660,592
Total Financial Assets	1,635,346	1,256,159

Financial Liabilities at Amortised Cost		
Payables - exchange transactions	(129,570)	(94,866)
Lease Liability	-	(32,000)
Credit Cards	(3,274)	(3,354)
Total Financial Liabilities at Amortised Cost	(132,844)	(130,220)

15. Operating Leases

The future non-cancellable minimum lease payments of operating leases as lessee at reporting date are detailed in the table below:

	2020	2019
Non-cancellable operating lease payments		

MAISEY HARRIS & CO

	2020	2019
Not later than 1 year	60,403	90,403
1 - 2 years	403	60,805
2 - 5 years	-	-
Total Non-cancellable operating lease payments	60,806	151,208

The Deed of Lease dated 15 December 1976 as varied by the Deed of Variation of Lease dated 22 November 1991 in respect of land on which are constructed the grandstand and pavilion complex at Seddon Park in Seddon Road, Hamilton was further varied by a Heads of Agreement signed in March 2001. This allowed for two rights to renew for 10 years each on the same terms and conditions as set out in the agreement subject to any changes agreed on between the two parties.

In October 2011, Hamilton City Council and Northern Districts Cricket agreed to a renewal of the lease for a further 10 years to 2021 based on the same terms and conditions as set out in the original agreement dated 16 March 2001.

16. Related Parties

Martin Bradley was a Board Member of Northern Districts Cricket (until 23 November 2019) and also Grassroots Trust. Grassroots Trust provides funding to Northern Districts Cricket. 2020: \$386,166 (2019: \$321,578).

Fraser Lellman was a Board Member of Northern Districts Cricket (until 06 March 2020), Grassroots Trust and Bay Oval Trust. Northern Districts Cricket pay Bay Oval Trust for the hosting of matches and training. Total payments made were \$87,641 (2019: \$74,248), and total receipts were \$NIL (2019: \$587). Fraser Lellman is also the Senior Schools Selector for Bay of Plenty Cricket Association. Total payments made were \$144,573 and total receipts were \$28,271. At year end there was an outstanding amount payable of \$6,906 and receivable of \$2,392.

Kylie Hawker-Green is a Board Member of Northern Districts Cricket and also Bay Venues Limited. Northern Districts Cricket uses the University of Waikato Adams Centre as a High Performance facility which is operated by Bay Venues Limited. Total payments were \$10,992 (2019: \$2,315). At year end, there was an outstanding amount payable of \$1,104 to Bay Venues Limited (2019: \$1,932).

Michelle Hollands was General Manager of Sport Waikato. Northern Districts Cricket receives funding from Sport Waikato. Total funding received was \$81,000 (2019: \$45,000). Total payments made were \$250 (2019: \$NIL).

Renika Siciliano is a Board Member of Northern Districts Cricket and a Director of McCaw Lewis Limited. Total payments for legal fees were \$1,610 (2019: \$NIL). Total sponsorship for the year was \$13,225 (2019: NIL).

Richard Clarke is a Board Member of Northern Districts Cricket and a Director and Shareholder of Power Farming Morrinsville. Power Farming is also a sponsor of Northern Districts Cricket and \$17,250 was received for sponsorship in 2020 and \$2,064 for other goods and services. At year end there was an amount receivable of \$11,500.

All transactions have been completed at arms length.

Key Management Personnel

The key management personnel, as defined by PBE IPSAS 20 Related Party Disclosures, are the members of the governing body which is comprised of the Board of Directors and Senior Management which includes the: Chief Executive Officer, General Manager of Pathways, General Manager of Community, General Manager of Performance and People, Northern Knights Coach, Operations and Administration Manager and Finance Manager. No remuneration is paid to members of the Board of Directors. Remuneration and full time equivalent information is as follows:

17. Capital Commitments, Contingent Liabilities and Guarantees

There are no contingent liabilities or guarantees as at 31 July 2020 (2019: nil).

There were no capital commitments at the reporting date (2019: nil).

18. Ability to Continue Operating

The entity will continue to operate for the foreseeable future.

19. Events After the Balance Date

The second lockdown in August 2020, a result of COVID-19, has had a minimal effect on the association with the cricket season not yet underway at that time.

There were no other events that have occurred after the balance date that would have a material impact on the Financial Statements (2019: NIL).

Notes to the Financial Statements

Northern Districts Cricket Association Incorporated For the year ended 31 July 2020
