## 4. LIMITATION OF INNINGS

4.1. Number of innings: Each match will consist of two innings on one day

4.2. Number of overs: Each team shall bat for one innings which shall consist of a maximum of 45 overs

4.3. Completion of innings: If the team fielding during the first innings fails to bowl 45 overs before the expiration of 3 hours from the commencement of the innings, that innings shall continue until that team has bowled 45 overs but its batting innings shall be limited to the same number of overs as it bowled in the 3 hour period from the commencement of the first innings. In calculating the number of overs which were bowled in such period, an over in progress at the expiration of such period shall be deemed to have been completed before the expiration of such period.

4.4. Limitation on overs in second innings: If the last wicket in the first innings falls within two minutes of the expiration of the 3 hours from the commencement of the first innings, the second innings shall be limited to the same number of overs as were bowled in the first innings (the over in which the last wicket in the first innings falls shall count as a complete over).

4.5. Dismissal: Subject to clauses 4.3 and 4.4 of this section, if the team batting first is dismissed in less than 45 overs, the team batting second shall be entitled to bat for 45 overs.

4.6. Extension of innings: If the team fielding during the second innings fails to bowl 45 overs or the number of overs calculated in accordance with clauses 4.3, 4.4, or 4.5 of this section, as the case may be, by the scheduled time for completion of the second innings, the time of such completion shall be extended until the required number of overs have been bowled or a result has otherwise been achieved.

4.7. If the innings of the team batting first is concluded more that 30 minutes prior to the scheduled time for the interval, a 10 minute change of innings break will occur and team two will commence its innings correspondingly earlier. The interval will then occur as scheduled.

## 5. LATE START

5.1. Reduction of overs: In the event of a late start for any reason, the number of overs to be bowled in respect of the match shall be calculated by allocating one over for each complete four minutes of playing time remaining until the scheduled closing time for the game. This revised over total shall be evenly divided into 2 innings. Fractions are to be ignored.

- 5.2. Bowling restrictions: In the event of a late start for any reason, the number of overs per bowler shall be reduced so that no bowler shall bowl more than one-fifth of the revised overs total. Where the total remaining overs are not divisible by 5, one additional over shall be allowed to the maximum number per bowler as necessary to make up the balance. For example, in a 30-over match, there shall be a maximum of six overs per bowler, in a 33-over match, three bowlers may bowl seven overs and two bowlers may bowl six overs.
- 5.3. Latest Scheduled Time: Notwithstanding any other clause in these Playing Conditions (including without limitation clauses 7.1 and 7.2), the closing time for each match shall be 5.30pm, provided that a minimum of 18 overs per team can be completed. If a minimum of 18 overs per team cannot be completed, the match shall be declared abandoned.

## **6. INTERRUPTIONS DUE TO WEATHER**

- 6.1. Deduction of overs: If, after play commences, an interruption to play is required due to weather, in the sole opinion of the umpire/s, the number of overs to be bowled will be calculated by allocating one over for each complete four minutes of playing time remaining until the scheduled closing time for the game. For example: if eight minutes remain, two overs shall be bowled; if fifteen minutes remain, three overs shall be bowled.
- 6.2. Second innings target: If due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 18 overs unless the team batting first was all out sooner), then a revised target score (to win) will be set for the number of overs which the team batting second will have the opportunity of facing – this revised target being calculated by the Duckworth Lewis Stern Method which is inbuilt into the PlayHQ e-scoring platform.

## **7. THE RESULT (LAW 16)**

- 7.1. Completion of match: Each match shall be completed in one day. The team batting second shall bat until it achieves more runs than that scored by the other team or until ten of its players are dismissed or until the maximum number of overs which are to be bowled in that innings is bowled, whichever is sooner.
- 7.2. No result: If play has been abandoned in a match and less than 18 overs have been faced by the team batting second, an 'abandoned match' shall be declared. Such matches shall be replayed where there is an allocated reserve day. Where the match has been abandoned and the team batting second has faced 18 or more overs (but less than 45 overs) and has not completed its innings, its target score shall be calculated in accordance with clause 6.2.
- 7.3. Tied Matches: If a match ends with both sides tied on the same number of runs scored the match shall finish as a tie (irrespective of the number of wickets lost).
- 7.4. Net run rate calculations: Net Run Rate calculations are computed by PlayHQ once scorecards have been uploaded as completed.

## **8. BOWLING RESTRICTIONS**

- 8.1. No bowler shall bowl more than ten overs in an innings. In the event of a delayed or interrupted match where the overs are reduced for both teams, or the team bowling second, Clause 5.2 shall apply.

## **9. NO BALL (LAW 21)**

- 9.1. Short pitched: A bowler shall be allowed to bowl two short pitched deliveries per over. A short pitched delivery is defined as a delivery that passes or would have passed above the shoulder height of the striker standing upright at the crease. In the event of the bowler bowling more than two short pitched deliveries in an over, the umpire shall call and signal No-ball.
- 9.2. Free Hit: The delivery following all modes of No Ball shall be a 'free hit' for whichever batter is facing it. If the delivery of the 'free hit' is not a legitimate delivery (any kind of No Ball or a wide ball), then the next delivery will become a 'free hit' for whichever batter is facing it. For any 'free hit' delivery, the striker can be dismissed only under the circumstances that apply for a No Ball, even if the delivery for the 'free hit' is called a wide ball. Field changes are not permitted for 'free hit' deliveries unless there is a change of striker or if the No Ball was a result of a fielding restriction breach in which case the fielding captain must make the minimum changes(s) necessary to rectify the breach.

## **10. WIDE BALL (LAW 22)**

- 10.1. MCC Law update 2022 shall apply.

  - c. Powerplay 2 -no more than five (5) fielders shall be permitted outside this fielding restriction area from overs 9 to 45 inclusive.
